DOUBLE DROWNING IN BEAVER LAKE.

Kenneth Hughes, aged eighteen years, son of Mr. and Mrs. Wesley Hughes, R.M.D., Tamworth, and a young man named Peterson, aged twenty years, who resided at Arden, lost their lives when they broke through the ice while skating on Beaver Lake on Thursday afternoon. Louis LeVeck, aged sixteen years, who recently came to live in that locality, also broke through the ice, but was able to get out of the water. He skated home and gave the alarm.

The accident occurred on Thursday afternoon at 2.30 o'clock. The place where the young men were drowned is about two and one-half miles north of the Village of Tamworth. It was thought that the most of the ice was firm enough to carry skaters, but the party skated on a weak place. When the three plunged into the icy water, LeVeck was fortunate to get to safety, while his two companions sank in thirty feet of water. After getting out of the hole, LeVeck made his way to his home and gave the alarm. When he arrived he was so overcome that it was some minutes before he was able to speak.

A search party was organized and at 4.30 o'clock the two bodies were recovered.

Mr. and Mrs. Hughes also lost a son in the Great War. An inquest was held in the village on Thursday night and the verdict was "accidental death".

PAINS SO BAD STAYED IN BED

Young Mrs. Beecroft Had Miserable Time Until She Took Lydia E. Pinkham's Vegetable Compound.

Hamilton, Ont.—"I have suffered for three years from a female trouble and consequent weakness, pain and irregularity which kept me in bed four or five days each month. I nearly went crazy with pains in my back, and for about a week at a time I could not do my work. I saw Lydia E. Pinkham's Vegetable Compound advertised in the Hamilton Spectator and I took it. Now I have no pain and am quite regular unless I overwork or stay on my feet from early morning until late at night. I keep house and do all my own work without any trouble. I have recommended the Compound to several friends."—Mrs. EMILY BEECROFT, 269 Victoria Ave. N., Hamilton, Ontario.

For forty years women have been telling how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. This accounts for the enormous demand for it from coast to coast. If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It is made from native roots and herbs and contains no narcotics or harmful drugs.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years experience is at your service.

DAMDEN EAST

The Comedy-Drama, "Dixie Quick and Honor", given by the A. Y. P. A. in the Parish Hall here last Thursday evening, drew a large crowd and provided a couple of hours innocent amusement for all present. Some of those who heard it spoke of it as one of the best plays of the kind they had ever heard and hoped the young people would repeat the performance at a later date as they wanted an opportunity of hearing it again. In the play there are eleven characters. Those taking part were, Lillian Robinson, Alice McDonald, Dora Blakely, Agnes Huff, Bella Quinn, Aileen Joyce, Clarence Drew, John Kay, Harold Huff, James Robinson and Arthur Hinch. The Bicknell's Corner Orchestra furnished the musical part of the programme, and were heartily applauded. Regarding the play itself it is certainly a "comedy-drama", the comic portions particularly in evidence. "Bernice Holstead" took her part well, in spite of an "affection of the heart", as did also her sister, "Amy", and their young lady visitor, "Inez Gray". The plot laid by these three jolly girls to fool young Doctor Burns is quite amusing, but quite unsuccessful as the wily Doctor is equal to the occasion. Dwight Bradley's determination, by hook or crook, to win the heart of Bernice and the account of the lost diamonds, in which his stepmother, Mrs. Holstead, figures is also interesting, as is Dwight's despair when his proposal of marriage to Bernice is dramatically rejected, and further plotting, on his part, foiled by the inimitable Sammy, the Darky bell boy, and the comical farmer, Abraham Barnes", "a diamond in the rough". The part taken by Abraham and his sister, "Hannah Mary" is very funny and the darkey adds much to the merriment. The Attorney and the Sheriff also take their parts well. Altogether they form a strong amateur aggregation and can well entertain any audience who agree with the sentiment of the couplet which says, "A little nonsense now and then, is relished by the best of men".

Toronto Nurse Cured of Muscular Rheumatism

Miss Pearl Renniks, Camden St., Toronto, says: "It is the greatest pleasure of my life to be able to give a testimonial in favor of DR. HENDERSON'S HERB TABLETS, for they have done wonders for me. I was nursing in one of the hospitals when I was taken with muscular rheumatism and had to go home. For three months I was unable to move one of my arms or even a finger and the pain that I suffered was something dreadful. I tried different kinds of treatments and remedies, without any results whatever. I was advised to try Dr. Henderson's Herb Tablets and after using one box and part of another I was completely recovered from the trouble.

If you are suffering with Rheumatism, Constipation, Eczema, Kidney Liver and Nervous Complaints get a box at once and see the results.

Fire Destroyed a Car.

While returning from Napanee, where he had taken his mother to catch a train, C. E. Eggleton, teller in the Bank of Montreal, Deseronto, lost his car by fire. Two miles west of Napanee the car, which was an Overland four cylinder, caught fire somewhere back of the front seat and when discovered the flames were beyond control. Mr. Eggleton, who was alone at the time, lost besides the car, two overcoats and the rugs. Twelve hundred dollars insurance was carried on the car at the time. The fire is thought to have started from a short circuit.

Patricia Trio, in Costumed Program of Song and Story, Feature the Irish Harp

Local Folks Will Enjoy Old Songs of England, Scotland, Ireland and Wales, When Patricia Trio Comes to Town—Vocal and Instrumental Artists of Unusual Abilities.

The Irish harp, originally used as a minstrel harp in old Ireland, has come into popular favor in this country and is undoubtedly one of the most desirable of accompanying instruments. When the Patricia Trio appears here in the near future the Irish harp will be a feature of their delightful program. The songs of old Ireland, England, Scotland and Wales are rendered by these three clever artists, Miss Patricia Gilmore, lyric soprano, Miss Beulah Margolis harpist, reader and contralto, and Mr. Benjamin Schroeder, baritone.

Hear them in the Town Hall, Napanee, on Saturday evening, December 17th.

A LETTER FROM QUEBEC.

The following letter is taken from The Mail and Empire:—

Sir,—On reading the Quebec Telegraph, my attention was called to an editorial that I beg to enclose to you. As a French-Canadian and a Roman Catholic, one of some 3,500,000 others in this Dominion, I would call your attention to the fact that since 1914 to November or December 6th, we were governed by a Government composed of probably the most ignorant, illiterate and fanatical men of the country of Ontario. We had to put up with its pernicious and foolish legislation like prohibition and social services Acts, etc., until a general election swept that type of statesman back to the vestry meeting or the Methodist meeting place, where he should have never left—Editor and Staff. For the next four years Ontario is going to be governed by a solid Quebec, with its 65 members, whether you like it or not. Laurier's death was not a death blow to French-Canadian influence, as along with the Hon. Mackenzie King he left Sir Lomer Gouin, the real coming dictator of Canada's future policy, and do not forget this, as before the four years are up you will have many an occasion to remember it. In future methods of all patronage goes to the French-Canadian. His language is to be recognized from coast to coast, and respected too. We recognize English in the Province of Quebec and give it second place and permit grants to be given to Protestant schools. It would be the best policy for you to understand once and for all that Ontario's day is over, as you can never hope to enjoy the unity and solidity we always had.

Yours, etc.,
J. B. LEVESQUE.

CAMDEN EAST.

Mrs. Eliza Skinner, of Macdonald College, Montreal, arrived last week to spend the holidays with her mother, Mrs. Hester Greenway, who lives alone.—Mr. R. Oster is very busy grinding up feed at the mill. He also received another carload of bran and flour last week.—Mr. and Mrs. Garnet Jeffery and her mother, Mrs. Fred MacWilliams, Bethel St. East, took dinner with Mrs. C. Hetzel, one day last week.—Mr. and Mrs. Enoch Snider, Wilton, spent Thursday of last week with Mr. and Mrs. Bert Yeomans and took in the chicken pie supper in the hall.—Mr. and Mrs. W. E. Vine, accompanied by Mr. and Mrs. A. D. Snider, Napanee, called on Mr. and Mrs. Fred Snider, and took in the chicken pie supper, in the Parish Hall given by the ladies' Aid of the Methodist Church, on Thursday evening last.—Bicknell's Corner concert Presidents in the Parish Hall, on Monday evening last, was a decided success. An excellent programme was given to a full house.—Mrs. Cyrus Edgar, Tayker, with her brother, Mr. Alvin Skinner, on Tuesday last.—Mrs. Wm. Gehan spent Tuesday last in Kingston. —The Ladies' Aid of the Methodist Church held a grand bazaar and chicken pie supper in the Parish Hall, in the Parish Hall, and both proved to be a decided success. A good crowd turned out both afternoon and evening, and all report a good time, and lots of good eatables. A good programme was given by the young people of the Methodist Church, under the excellent leadership of Miss B. Sheffel, Secretary of the Aid. Much credit is due to the efficient President of the Aid, Mrs. Wm. Loucks, and the esteemed Vice President, Mrs. Chas. Histed, who managed things so satisfactorily. The proceeds amounted to about $115.00, which was very good, it being the first bazaar and supper. Look for a better one next time.—Wishing her full success and a merry Xmas and happy New Year, and hope your paper may thrive as it has done in the past.

BATH.

Mrs. M. Nolan and baby, of Toronto, have returned home, after visiting her parents, Mr. and Mrs. John Thompson.—Mr. Eric Holt, of Kingston, is spending the holidays at G. W. Cuppage's.—The gale of Saturday last and Sunday did considerable damage in this vicinity, such as tearing roofs off barns, uprooting trees, besides carrying away houses and small boats away.—Born to Mr. and Mrs. Fred Rearmon, on Sunday, December 18th, a son.—Mr. Nicholas Myers is seriously ill at time of writing.—Mr. E. J. Sexsmith, M.P., and family, of Selby, have moved into our village.

YARKER.

Once more we can hear the jingle of the merry sleigh bells. The snow was a welcome visitor and just came in time for Xmas.—Two of our oldest residents passed peacefully away last week. Mr. Alfred McCarthy, at the age of eighty-three, suffered a stroke and never recovered. The funeral took place from the Methodist Church on Thursday, and was attended by a large crowd. The many floral offerings testifying to the high esteem in which he was held by his many friends. He leaves to mourn a widow and daughter. One day later Mr. William Woodhouse passed away at the age of seventy-five, his funeral being held on Friday last in the Methodist Church which was also largely attended. Mr. Woodhouse was a member of the Methodist Church, and was also Superintendent of the Sunday School for many years until the last few years his health failed him, and he was unable to attend Church. These two old residents will be greatly missed by all and the remaining friends have the sympathy of the whole community.—Harry Vanderveort was a caller in our village this week.—John Woodhouse, of Tamworth, was home to attend the funeral of his father; also Mrs. M. Warner, of Kingston.—Tom Warner, of Toronto, is spending Xmas with his parents.—Miss Gladys Asselstine spent the week end with Miss Hazel Hart. —Jack Winters, of the West, is spending Xmas with his parents.—Mrs. McQuaig has returned home, after spending some time with her husband of the Merchants Bank. Sorry to say but we understand the Merchants Bank is a thing of the past.—Wishing the staff of the Beaver Office a merry Xmas and a happy New Year.

Young Bandits Arrested

Series of Crimes is Recounted--People Feel Easier Now--How the Police Landed the Uptons and Bryant

The citizens of Kingston and vicinity are resting easier as they realize that, due to the able work of the Kingston police force, three young men who, it is alleged, have been pulling off the most daring acts of crime in the history of the province, are safe in the cells of the Kingstin police station.

Chief of Police Robinson, when interviewed Thursday forenoon, stated that the papers for the charges against the Upton boys and Fred Bryant had not yet been signed. The matter is in the hands of the crown and the papers will be signed any time now.

Birthday in Cells.

To spend their birthday in the police cells, was the sad fate of Sherwood and Erwood Upton, who are being held for the police to face serious charges. On Wednesday they celebrated their twentieth anniversary.

The Upton boys are twins. With their father and mother they moved into Kingston from near Elginburg about five years ago. Both lads are well known, and had been employed in local shops.

Frederick Bryant, the third youth under arrest, is twenty-one years of age and married. He was born in Kingston and has lived here all his life.

The father of the Upton boys called at the police station on Wednesday, and gave his boys a birthday treat of some fine apples.

How Arrests Came About.

A burglary pulled off at L. T. Best's drug store, on Sunday evening, December 4th, led to the rounding up of the Upton boys and Fred Bryant, and to Constable Thomas Mullinger, of the local force, goes the credit of being the man who made the arrest.

The burglary did not amount to a great deal, as only a small sum of money and some stamps were taken.

Chief Robinson says that the work of Constable Mullinger, who was on day duty that week, and clever work on his part resulted in the arrest of a twelve-year-old lad employed at Best's drug store. This is the last time before Magistrate Farrell in the juvenile court, a few days ago, pleaded guilty to the charge of theft, and was sentenced to be whipped with the cat-o'-nine tails. After rounding up this youngster, Constable Mullinger got a clue that Erwood Upton was mixed up in the robbery at the drug store. The constable rounded him up, and when he was charged with having a hand in this robbery he pleaded guilty to the charge and was remanded. The small boy got a print of the key of the shop door, and gave it over to Erwood Upton, and it is alleged that the Upton boy, who is regarded as an expert safeblower, turned out the key that unlocked the drug store and made it quite easy for the burglary to be pulled off.

With the arrest of the one lad and Erwood Upton it was not long before Sherwood Upton and Fred Bryant were also in the toils. Police Sergt. Armstrong was instrumental in bringing about the arrest of Sherwood Upton, who has already pleaded guilty to a charge of breaking into Chown's hardware store and stealing a quantity of ammunition.

All the Constables Helped.

After the first arrest was made by Constable Mullinger, the work, of course, a great deal of what is termed "follow up" work fell to the part of the police, and in this every member of the police department gave able service.

Constable Mullinger has been a member of the Kingston police force for eighteen years, and has at all times proved himself to be an active and able officer and well deserves the congratulations which are being showered upon him and his brother officers are also loud in their praise of his good work.

Fred Bryant has been charged with stealing ammunition from Chown's hardware store and has pleaded "not guilty".

Sherwood Upton was charged with breaking into the hardware store and stealing a quantity of ammunition and pleaded guilty.

Series of Robberies.

For the past three months it has just been a series of robberies, and now that the Kingston police force have made this wonderful capture, it is hoped there will be an end. It will be remembered that last June several Kingston musicians, who were returning from a band concert at Westport, were held up on the provincial highway and robbed by three men. Later on, Dalton's wholesale hardware storehouse was entered and a considerable quantity of goods were found missing. E. Chown & Co.'s wholesale warehouse, as well, was entered, and the thieves carried away a good bag full. The Best drug store on the corner of the dance at Westport Cooper's residence on Princess street was entered by thieves on Sunday evening while the family was at church, and a quantity of money and valuables was taken. The most serious robbery took place at Mahood Bros.' fancy store, when some person or persons entered at the rear of the building and carried off between five and ten thousand dollars' worth of valuables. On the occasion a member of the police force was on his rounds, and was in the act of entering the laneway when he met the burglars, who had bags on their backs, coming out at the rear of the Mahood store. They pointed their revolvers under his nose and threatened to shoot him if he attempted to stop them.

One night last June after Arthur Howitz had returned from the Lion Clothing store and had gone to his bed, he was wakened by burglars, who at the point of a revolver made him hand over seven hundred dollars. Mrs. Clark, who keeps a boarding house on Brock street recently allowed two men into her home for the purpose of using her telephone, and to her surprise they put the tablecloth over her head and made away with thirty-five dollars.

The last daring act committed was a week ago last Saturday evening, when Charles Donoghue, grain merchant, who resides on Wellington street, was shot by unknown parties just as he entered his garage after coming from business. The bullet missed the heart by only one inch. The evening that Mr. Donoghue was shot, he had on his person about $1,500 and the bandits did not get one cent of the money.

Arrests Made.

It has been a well-known fact for the past ten days, that the Kingston police had evidence sufficient to convict certain parties who are implicated in this crime wave. The Upton brothers and Fred Bryant were placed under arrest, and have been held at the police station ever since. They appeared before the police magistrate and were charged with an offence sufficient to hold them until such time as the other cases could be developed against them. It is understood that the police department has damaging evidence against the three young fellows who are at the present time in the police cells.

As soon as the Crown Attorneys at Kingston and Napanee sign the information papers, the cases will be proceeded with at both Kingston and Napanee. The most serious charges, which it is understood the trio will be faced with, are the murder of Police Constable C. A. Beard, at Napanee, and the shooting of Police Constable James Cotter of the Kingston Police Department.

Murder of Constable Beard.

It was on Sunday morning, August 6th, at an early hour, that the citizens of Napanee were shocked to hear that Richard A. Beard, aged sixty years, night constable in the Town of Napanee, had been shot dead by one of these burglars, while in the discharge of his duties. The shooting took place in the laneway at the rear of a number of stores on Dundas St., at about one o'clock on Sunday morning. The man who did the shooting and his pals were able to make their escape and have been at large ever since. The shooting was done so quickly that the bandits, in their attempt to escape from the laneway where the dead body of Constable Beard lay, fell over the corpse on account of the darkness in waiting. After the shooting took place, it was discovered that the automobile owned by J. W. Robinson, dry goods merchant, Napanee, had been stolen, and it was supposed that the murderers made their escape in this car.

Constable Beard was shot through the heart, and died almost instantly. It is supposed that the men who did the shooting on that occasion were in the act of breaking into Smith's jewellery store, which is located on the corner of Dundas and John streets.

Provincial detectives were immediately sent to Napanee and worked on the case for some time but were unable to get any direct trace of the murderer. About two weeks after the shooting took place, the automobile belonging to Mr. Robinson, was found in a bush near Elginburg. In the automobile were found a number of empty shell cases. One of the tires on the automobile was missing. Since that time the provincial detectives have been working quietly on the case, but had little or no results for their labors.

Constable Cotter Shot.

It was on Friday afternoon, September 16th, that Constable James Cotter was shot by bandits when he requested them to surrender. He was shot in the left arm, and as a result he suffered a great deal of pain, but for a time it was feared that he would not recover. He was removed to the Kingston General Hospital for weeks, and only recently was able to leave that institution. After undergoing the second operation for the removal of the bullet. It will be remembered that on this occasion that Jack Patterson, taxi driver, showed exceptional bravery when he rushed the wounded constable under gun fire to the latter's residence. For this deed he was presented by the Governor-General Sir Julian Byng on Wednesday evening in Grant Hall, with the Royal Humane Society bronze medal.

The scene of the shooting was on the Perth Road about seven miles from Kingston, and a short distance from Latimer. Constable Cotter was armed with a revolver and he fired one shot at one of the bandits and it is believed that one of the shots grazed his face. The bandits were travelling in the car stolen from R. E. Waldron early on Thursday morning. Word was received at the police station Friday forenoon that this car had been seen at Harrowsmith during the morning, said a young man was driving it. When the information was received in the city, Constable Cotter and Messrs. Patterson, and Lyons left the city for the purpose of running down the car thief.

It was stated that the bandits had their car which was identified as the property of E. S. Waldron, backed up against the fence at the side of the road. Two men were sitting in the car and the third was just on the other side of the fence in a bush. It was stated that the man in the bush had the rifle in his hand. The other two had rifles in the car which they later produced. The police car stopped close to where the three bandits were located, and Police Constable Cotter called out "surrender, you fellows." The bandits' reply was "Get back out of this or we will bore you with holes". Constable Cotter drew his revolver and fired, but was brought to the ground by a bullet from a rifle in the hands of one of the bandits. The bandits made their escape in the Waldron car, and the next morning the car was located in the laneway leading into Cartwright's Point.

Uptons Not Yet Charged By Kingston Authorities.—Only the Napanee Charges Yet Laid.

Sherwood Upton, Erwood Upton and Fred Bryant, the young men arrested in Kingston by Kingston police, to face very serious charges, in one of the most sensational cases to come before the local police court in years, are in the county jail, awaiting preliminary trial before Magistrate Farrell.

The matter is now in the hands of Crown Attorney J. L. Whiting, who is looking after the taking out of the various charges against the young men.

It is understood that the local charges will be laid late Friday afternoon or Saturday.

It was stated on Friday morning, that the charges made by the police authorities will be taken up first, and afterwards the serious charges at Napanee will be heard.

Following is the list of charges lodged by the Crown at Napanee against the three young men:

Murder of Constable Richard Beard; breaking into J. W. Robinson's garage and stealing same; attempting to break into Smith's jewelry store.

The Upton boys, who have been held at the police station since their arrest, were removed to the county jail at 4 o'clock on Thursday afternoon in the "Black Maria". The prisoners, who look to be mere boys, were handed over to Jailer Hawkey by Chief Robinson. Constables Thos. Mullinger and VeNon Campbell assisted in the removal of the prisoners. Bryant was taken to the jail some days ago.

The sensational round-up made by the local police is still the talk of the city, and the coming trial of the three young men is causing a great deal of interest.

It was not known Friday noon when the young men would come for their preliminary hearing.

Penitentiary Sentences For The Upton Brothers.

Sherwood Upton, sentenced to four years in the Portsmouth Penitentiary, on a charge of theft.

Erwood Upton, sentenced to four years in the Portsmouth Penitentiary, on a charge of theft.

Fred Bryant, charged with theft, case enlarged till Thursday.

The above sentences were passed by Magistrate Farrell, in the police court, on Monday morning. The Upton boys pleaded guilty to a charge of theft last week, Erwood being charged with theft from L. T. Best's drug store, and Sherwood Upton was charged with theft from Chown's hardware store.

The crown has a list of other charges to prefer against the three young prisoners.

JOE HAYCOCK AND THE RAZOR STROP.

The people in Bailey's Hall who heard "Joe" Haycock tell the story about the price of razor strops should read the following taken from the Port Elgin Times:—

"Referring to the way the people of this country, especially the farmers, were being held up by the tanneries he cited a case that, he claimed, came to his attention while in Napanee a short time ago. "Finding that I had forgotten to put my razor strop in my club bag, and wishing to shave, I went to one of the stores in Napanee to purchase a strop. Showing me a plain leather strop, for which he asked me $1.75, I asked the proprietor what was in the strop to make it so dear. He said it was genuine horsehide. I purchased the strop," said Mr. Haycock, "just to show the electors wherever I speak how they are being soaked for this article. The farmer to-day gets $1.50 for a horsehide, while if he wishes to purchase a strop about 18 inches long by 2 inches wide, he is asked the same price. All you farmers have to do," he said, "is to kill a horse, pay someone about a dollar to skin you skin it, take it to a dealer who will give you $1.50 for the hide, put 25c. more to this price and you get a razor strop like this. Whereupon he extracted from his hip pocket the strop which he said he purchased at Napanee. (While not wishing to hold any brief for the leather manufacturers we wish to state that the strop Mr. Haycock exhibited is the one he claimed he paid $1.75 for, as it was purchased right at the time in Mr. Haycock's presence.—Ed. Elgin Times.

A CORRECTION.

In the December issue of The School,—the teachers' magazine of Ontario—appears the following statement:—

"The first Consolidated School east of Toronto was officially opened on Sept. 5th, by Hon. R. H. Grant, Minister of Education, at Malloytown."

The following letter has been forwarded to the editor:—

New Liskeard, Ont., Dec. 8th, 1921.

Editor of The School,
Toronto, Canada.

Dear Sir,—Just for the sake of historical accuracy, let me change the wording of one sentence in your December issue.

The first Consolidated School east of Toronto was officially opened at Tamworth, Ont., by Dr. Pyne, Minister of Education, in June, 1912. It had been in operation a few months before that. The trustees were Joseph Huffman, A. B. Carscallen, A. E. Milligan, Chas. Shields, Jerry Donovan and Henry Richardson, and the first principal was J. R. Pickering, who had charge of the school during the first four years of its existence. The building is a four-roomed brick structure, a picture of which was exhibited by Dr. S. B. MacCready, in connection with lantern slide lectures on rural school life in Ontario; and a photograph of the school with an article written by the principal was made the leading feature article of an issue of Farm and Dairy (Peterboro', Ont.) during the spring of 1914. A picture of the school also appears in "The Jubilee of Christ Church", a church history written by Rev. Baril 69, Dean Jones, and published by the Kingston Whig in 1915.

The school is still doing excellent work in serving the needs of the sections which consolidated.

Sincerely yours,
J. R. PICKERING.

LETTER TO THE EDITOR.

Springfield, Polton,
Middlelothian, Scotland,
December 5th, 1921.

Editor of Napanee Beaver.

Dear Sir,—As promised before leaving, I am writing to let you know we arrived O.K., after a very stormy passage across. There has been a great deal said in Canadian papers regarding the state of trade and unemployment in Britain, but things are not nearly so bad as they were painted, and things are improving every day, and the general impression seems to be that things will pretty well be back to normal shortly after the New Year.

Sincerely yours,
THOMAS C. COOPER.

DIRECT HELP FOR THE FARMER.

There are probably more people requiring financial assistance this year than any year for some time past. The banks are doing their best to meet the requirements, but the heavy demands upon them make it necessary to adhere as rigidedly as possible to the short date loan.

A loan for a few months, is of little use to the farmer in most cases. When they borrow money for the purpose of buying cattle, machinery, seed, fertilizer, in fact nearly everything connected with the farm they require that part at least, of the money needed to pay back this loan shall be earned by that which was purchased with the money borrowed. This takes in most cases in the neighborhood of a year.

The Ontario Government at the last session passed two Bills, which when put into operation, should greatly assist the farmers in financing their business.

The Government have an agricultural expert here to help farmers, Mr. C. C. Main. He understands these systems by which financial assistance is available to the farmers through this Department, and he is anxious to help. It would appear that it is now up to the farmer to help himself. We would suggest that he get in touch with Mr. C. C. Main at Napanee, for detailed information on this subject.

Two Seattle men were talking on a street car.

"Seattle has the rottenest set of bankers of any city in the world," said one. "There isn't one of them who knows he is alive. If those bankers would go to digging sewers and let the sewer diggers run the banks, our financial matters would be in more competent hands, but no—we would all die of typhoid or something before the sewers were done."

"I couldn't borrow any money, either," said the other man mildly.

Toronto Nurse Cured of Muscular Rheumatism

Miss Pearl Rennicks, Camden St., Toronto, says: "It is the greatest pleasure of my life to be able to give a testimonial in favor of DR. HENDERSON'S HERB TABLETS, for they have done wonders for me. I was nursing in one of the hospitals when I was taken sick with muscular rheumatism and had to go home. For three months I was unable to move one of my arms or even a finger and the pain that I suffered was something dreadful. I tried different kinds of treatments and remedies, without any results whatever. I was advised to try Dr. Henderson's Herb Tablets and after using one box and part of another I was completely recovered from the trouble.

If you are suffering with Rheumatism, Constipation, Eczema, Kidney Liver and Nervous Complaints, get a box at once and see the results.

WISE AND OTHERWISE.

"Are rents tottering?" inquires The Literary Digest. "No, but those who are paying them are."

First Lawyer—Did his address to the jury carry conviction?

Second Ditto—It did. His client got five years.

"That's what I call killing two birds with one stone," said the jeweler, as the couple dropped dead on hearing the price of the diamond ring.

Many mothers can testify to the virtue of Mother Graves' Worm Exterminator, because they know from experience how useful it is.

This bit of irony, sarcasm or something appears in the form of a sign on a Scottosh golf course: "Members will refrain from picking up lost balls until they have stopped rolling."

Lady (inspecting puppy)—Is he well bred?

Peddler—Say, lady, if any o' your neighbors has got a dog ye'd like to see snubbed, this dog will do the job for youse!

No need to suffer with corns, or to run the risk of paring them. Remove them surely and painlessly with Holloway's Corn Remover.

Marion—George was the goal of my ambitions, but—
Marian—But what?
Marion—Father kicked the goal.

Second in a prize fight—Well, 'e 'asn't 'arf closed this eye up for you, Bill.

Bill (hopelessly)—Yus—an' it's the 'ypnotic one.

The Scottish bowling team is accompanied by a band of pipers which plays prior to every important match. The general opinion is that this gives a very unfair advantage to the northerners, who are used to it.

A Power of its Own.—Dr. Thomas' Eclectric Oil has a subtle power of its own. All who have used it know this and keep it by them as the most valuable liniment available. Its uses are innumerable and for many years it has been prized as the leading liniment for man and beast.

Waiter—How did you order your steak, sir?

Impatient Diner—Orally, I'm sorry to say. I see now that I should have ordered it by mail two weeks in advance.

Internally and Externally It Is Good.—The crowning property of Dr. Thomas' Eclectric Oil is that it can be used internally for many complaints as well as externally. For sore throat, croup, whooping cough, pains in the chest, colic and many kindred ailments it has curative qualities that are unsurpassed. A bottle of it costs little and there is no loss in always having it at hand.

Mr. Newriche (at the play)—'Oo's the author of this piece?

Miss Newpoore—Oh, he's remaining incog. at present.

Mr. Newriche—Ah, couldn't get bail, I suppose.

She (returning to parlor)—Father's fast is asleep. Do you know any cure?

He—Not for your father. My mother in his case let "Let sleeping dogs' lie.

The indications of worms are restlessness, grinding of the teeth, picking of the nose, extreme peevishness, often convulsions. Under these conditions one of the best remedies that can be got is Miller's Worm Powders. They will attack the worms as soon as administered and they pass away in the evacuations. The little sufferer will be immediately eased and a return of the attack will not be likely.

The Amateur—I'm going to give this fly a try. They told me in London it was a "stunner."

The Ghillie—Weel, it's sairtainly big enow—ef it hits a saumon."

"Why don't you get rid of that horse if he's so vicious?" asked one farmer of another.

"Well, you see, Jim", replied the other, "hates to give in. If I was to sell that horse, he'd regard it as a personal victory. He's been 'try'n for the last six years to get rid of me."

Impressing the Office Boy.

"The secret of success, son," said the boss to the new boy, "is absolute, unswerving consecration of time to business."

"Yes, sir."

"In our establishment, we never look at the clock—never look at the clock—"

"I won't sir."

"That's right, my boy. Never look at the clock when you're at the office. Never look at the clock except in the morning, look at the alarm clock you—early to work, never at home, makes a man independent. That'll do, son; now get the Juster."—Richmond Times-Dispatch.

Ancient Inquiry.

"We are still seeking," said the scientist, "to ascertain the exact purpose for which the pyramids of Egypt were constructed."

"Yes," replied Senator Sorghum, absent-mindedly. "Some of these investigations do take a long time."

Horse Racing Records.

The Year Book credits 85,065 trotters with records of a mile in 2:30 or better and 26,070 pacers in the 2:25 list.

St. Andrew's S. S. Cantata.

On Tuesday night, one of the prettiest cantatas ever heard in Napanee, was given by the children of St. Andrew's Sunday School, under the direction of Mrs. Ralph Scott. Mrs. W. A. Daly acted as accompanist, and Miss Margaret McConachie led the singing with her lovely soprano. The principals in "Santa Claus' Parcel Post" were all talented young people and the musical choruses were a pleasure to hear. The costumes were extremely attractive, the dainty little fairies and the little rainbow girls were most picturesque against the pretty drop curtain of rainbow colors. The evening was a most pleasurable one for every one, and the children were delighted with the "grand finale" in the shape of a Xmas parcel off the prettily decorated trees.

Great Play at Popular Prices.

The Lola Vinal Players, which appears at the Strand Theatre on Thursday, Friday and Saturday of next week, will offer what is perhaps the only opportunity that local theatregoers will have during the entire season, irrespective of price, of seeing the late and great Broadway successes intelligently enacted. All the many lovely plays that will be offered will be staged in a complete and perfect manner and made rarely appealing by the fact that the scale of admission places them within the reach of the masses. The engagement opens Thursday evening with "One Woman's Life"; Friday night, "The Girl of the Mountains"; Saturday matinee, "The Power of the Cross", and Saturday night, "Why Lindy Ran Away". Prices 35c. and 50c., plus tax.

Christmas
In humble cot and stately hall
With laughter and with song,
The children hail the Christmas tide
For which they've waited long;
To them Old Time had leaden wings
They wished him well away.
And asked that he but leave to them
Their own-their one Great Day.
In their sweet songs and joyous play
The older folks renew
Dear visions of their early days
When life was sweet and true;
And once again their voices raise
In Greetings ever new
"A merry Christmas to you all,
A bright new year to you."

The Methodist Sunday School will hold their entertainment in the Town Hall on Friday night of this week.

ADOLPHUSTOWN.

The M.Y.P.A. of the U.E.L. Methodist Church gave an entertainment on Dec. 17th in the form of a mock trial. Owing to the bad night some were disappointed, though there was a large crowd. J. S. Johnston was the defendant and W. Reynolds the plaintiff. F. Bogart was defendant's lawyer and J. L. Haycock, Jr., appeared for the plaintiff. Frank Gallagher acted as judge in the absence of Ross Allison, who was to have conducted the court. His honor gave the jury a very able address before they retired. The jury brought in a verdict of not guilty.

BUSINESS AS USUAL IN MERCHANTS BANK.

Sir Frederick Williams-Taylor, General Manager of the Bank of Montreal, issued the following statement to the press:—

"The capital of the Merchants Bank is intact, and, from the depositors' point of view—that is, the general creditors' point of view—the deposits of the Merchants Bank of Canada are safe, beyond question—as safe as the Bank of England.

"All branches of the Merchants Bank of Canada will carry on their business as usual, and in doing so they have the full co-operation of the Bank of Montreal, with all the advantages accruing therefrom, so that the interests of Merchants Bank clients and facilities for the conduct of their business will be extended without interruption."

Tommy Richmond, Manager. 51bp

—The Town Council held its final session for the year on Thursday evening. On reviewing the finances for the year it was found that all committees, excepting Streets, had kept fairly within their appropriations. The Town Property Committee has a small overdraft, and the Streets about a thousand dollars overdraft. Up to a few days ago it was thought there would be no overdraft this year but though keeping county road expenditure and street expenditures in separate accounts it is found that the Council will have an overdraft of about one thousand dollars. At the beginning of the year the overdraft was over two thousand dollars. Another short meeting of the Council will be necessary to put through a by-law to clean up all the outstanding local improvement accounts, some of which have been outstanding for a number of years, and on which no local improvement taxes have been collected. On the completion of the by-law the accounts will either be collected or placed on the tax rolls.

—Will Mrs. McKeown, who took the parcel from A. Yarel's store on Thursday, please return it at once to the store. 51ap

—Mr. and Mrs. Wesley Hughes and family, of Beaver Lake, wish to thank their many friends for their kindness and floral tributes in their recent sad bereavement. 51a

A Christmas Message to "The Mothers of the Fallen"

By G. R. Munnoch.

"Oh, could I place a holly wreath,
My laddie, where you lie so far,
"Mother, I need no holly wreath,
My eyes behold His natal star."

"But is it cold there where you lie,
'Neath snow that winter brings?"
"Dear mother, it is not the snow,
But angel's covering wings."

"Is it not lonely where you lie,
Laddie, so far from me apart?"
"How can I lonely be or far
While cherished, mother, in your heart?"

"Oh, could I hear your own dear voice
My laddie, only once to cheer."
"Hark, mother, to the angel choir
On Christmas Eve, and you will hear."

ORATORY CONTEST.

A very successful entertainment was given by the pupils of the Bath Continuation School on Friday evening, Dec. 16th, to a crowded hall.

The most interesting part of the programme was an oratory contest for the pupils in the different forms, for which silver and bronze medals suitably inscribed, were awarded to the winners as the first and second prize respectively.

The results of the contest were as follows:—

Matriculation Class.

1st—Miss Gwendolyn Wemp, "The Disarmament of the Navy".

2nd—Mr. Harold Northmore, "How the Allies Won the War".

Second Year Students.

1st—Mr. Maurice Young, "Sir Ernest Shackleton's Expedition to the South Pole".

2nd—Miss Anna McNeil, "The Origin and Progress of Nursing".

First Year Students.

1st—Miss Zelma Huffman, "The Very Beginning of Sea Power".

2nd—Mr. Clayton Bell, "The Benefit of an Agricultural Education".

There were eleven speakers in all. The judges were Miss Morrison and Miss Darling of the Odessa School staff, and Miss Myrtle Brown, of Bath. The speeches were interspersed with costume songs, drills and choruses which were splendidly rendered. The generous applause for encore, which greeted every item, was sufficient proof that the efforts of the pupils were fully appreciated.

Grace S. S. Entertainment.

For over forty years Grace Sunday School has had an entertainment on Christmas Day, or as is the case this year, the following day. On Monday next, 26th, there will be given in Grace Church the annual entertainment, consisting of songs, recitations, drills, marches, etc., ending with the beautiful Cantata, "The Rose and the Star". This promises to be an exceptionally interesting entertainment and we hope the church may be packed. Remember Monday night, 26th, at 7 o'clock. Admission, 25c. A. E. Paul and Geo. Gibbard, Superintendents. 51a

Sills Wedding Reception.

On Friday afternoon of last week Mrs. Ralph Sills received at her home on Robinson St., for the first time since her marriage. Mrs. J. E. Robinson and Mrs. E. H. Sills received with the bride, who was sweetly pretty in her ivory satin gown, and held an armful of pink roses. Mrs. J. W. Robinson ushered the guests to the dining room, where the decorations were in bridal white, heavy-headed 'mums forming a charming centre for the tea table, in the soft candle light. Delicious refreshments were served by Mrs. Norman Root, Mrs. Velney Wood, Miss Norma Shannon, Miss Edith Baker and Miss Gleeson. Mrs. Sherry poured tea and Mrs. Morley Wilson served the ices. A small person who was also of great assistance was Master Lloyd Cowle. Over a hundred guests were present, and Mrs. Sills, who was a very charming hostess, is evidently a very popular one.

HO! FOR THE COMMUNITY DANCE.

Townspeople, Country Folk, old and young, rich and poor, should all turn out to the Community Dance in the Armouries, on Friday evening, December 30th. Why?

Because it is a Community Dance which simply means the whole community is invited. There is no select class, no personal invitations.

Because it is under the auspices of the Agricultural Society, which has done and is doing so much for the town and country.

Because we all need to renew our youth at this season of the year. If we do not dance we can watch the others.

Because it costs only one dollar per head, lady or gentleman. It's worth that to hear Garrett's Brockville Orchestra.

Dainty refreshments free.

Come and enjoy yourselves. 51b

HOGS WANTED.

Hogs, Cattle, Calves and Lambs Wanted.

Will ship hogs on Tuesday, Dec. 27th, and will pay the highest price for selects weighing 150 lbs. and over: from 3c. to 4c. off sows. Sexsmith's Majority 129

The final summing up of the ballots cast at the Dominion Election on December 6th, was partially carried out as advertised on December 20th, by the Returning Officer for Lennox and Addington, Mr. G. F. Ruttan, K.C., but owing to the fact that the Deputy Returning Officer at Vennachar had made no official return in his ballot box as to the state of that poll, the Returning Officer had to adjourn the summing up as directed by the statutes until a statement from Vennachar is received, and accordingly adjourned proceedings until Tuesday, January 3rd, 1922, when it is hoped the matter can be cleared up.

We give the figures below as being approximately correct as to all the polls except Vennachar, and the figures for that poll are the same as came through by telephone on election night.

WILTON—HENWOOD.

On Wednesday, Dec. 14th, 1921, the home of Mr. and Mrs. W. R. Henwood was the scene of a very pretty wedding, when their daughter, Ruth May, was united in marriage to Mr. Clarence H. Wilton, of Centreton, Ont. The ceremony took place at one o'clock, under an arch of evergreens tastefully decorated. The bride looked very pretty, dressed in white silk crepe-de-chene over silk, trimmed with seed pearls and fringe, wearing a gold necklace, the gift of the groom, and carrying white 'mums with maiden hair fern.

The ceremony was performed by Rev. R. C. Tait. Pastor of the bride, assisted by her brother-in-law, Rev. J. N. Lovelace, of Grafton, Ont.

After a delicious lunch, the bridal party left on the afternoon train, amid much confetti and good wishes for a happy and prosperous wedded life.

Wish them Merry Xmas by Long Distance

"SO you're not going home for Christmas?"

"Afraid I can't afford it this year. It's going to be very lonely here too! I'll get letters, of course, but how I do want to talk to them, be one of 'em!"

"Why that's simple. I can't go home either, but I'm going to call my Christmas greeting to every one of my folks personally—talk to them by Long Distance. I'll wager I'll almost be able to smell the good old turkey cooking."

"What a splendid idea! I'm so glad you made me think of it. Christmas won't be such a lonely day after all. Long Distance will give mother the feeling that I'm not so far away!"

That's just what Long Distance is going to do for distant relatives, sons, daughters, to make the "Merry Christmas" **real**—bring the missing one so close that the loneliness and pain of separation will be forgotten in the joy of hearing the dear voice again.

Station to Station service with low Evening and Night Rates has brought Long Distance within the reach of everyone.

If you have many calls to make we can perhaps arrange to have them follow each other with only slight intermission.

Why an Orchard Will Pay.

The planting of commercial apple orchards in the Province of Ontario is highly desirable for several reasons:

1. Ontario is not producing enough good apples for home supply, but imports annually from Nova Scotia, British Columbia, Oregon and California.

2. Production in Ontario is likely to fall off still more because no commercial planting is being done. Very few commercial apple orchards have been set out in this Province since 1911.

3. Of the thousands of young trees set in the boom years of 1905 to 1911 a large proportion have already passed out of existence. Probably not more than 20 per cent. of the trees planted during those years will figure in the commercial production of the future, and certainly not more than 40 per cent. of them are alive and receiving reasonable attention to-day.

4. The home orchard will never again be an important factor in commercial apple production in this Province, because it is not large enough to be worth while. In seasons when scab control is difficult, or when prices are down because of a heavy crop, the return from the small orchard is not large enough to justify the expense and risk involved. When conditions are unfavorable the small orchard passes quickly into a state of neglect; this is why apple growing in Ontario is at such low ebb at present.

5. Fruit is an essential part of diet. While it is true that in case of necessity people can live without it, it is also true that health suffers and nutritional complaints become much more general in the absence from the dietary of fresh fruits and vegetables. The apple is the most important and most useful fruit of the temperate zone, and, from the standpoint of public health, its culture should not be neglected.—J. W. Crow, O. A. College, Guelph.

FAMOUS ROMAN FEAST DAY

May 24 Has Been for Centuries a Day of Merrymaking in the Italian Capital.

Though the night of May 23 was "witches night" in Rome no serious accident was reported next day. The witches which fly on broomsticks between the ancient hills of the Caelio and Esquilino apparently were afraid of the broom and the basin of salt put outside so many doors and went home in despair.

May 24 is St. John the Baptist's day, one always kept by old-fashioned Romans as a day for eating snails. Snails are the Roman idea of the locusts which St. John the Baptist ate when in the desert. But why witches should try to take possession of Rome on the night before his feast day is a mystery. They do fly about on broomsticks, says popular report, and salt and a broom alone will keep them out of homes.

By some hidden law which the Romans themselves don't try to account for, no witch will enter a house before which stand a basin of salt and a broom until she has counted every grain of salt in the basin and all the wisps in the broom. As the nights are short in May the witch gives up the task in despair, knowing she could never finish her job before sunrise.

The night of May 23 is a great night for the Roman people; they gather in the fields outside St. John Lateran, eat snails, dance, sing and throw flowers at each other.

An odd modern note is given by an enormous merry-go-round, opposite the ancient church dedicated to St. John. Its wooden horses go round and round to american ragtimes, for trots and bunny-hugs. It is a mixture of old and new worthy of that extraordinary city, where all the centuries get jumbled up together and make friends in a way you might search the world for and not find elsewhere.

The May night festival is older than John the Baptist and marks the tradition of the old Roman springtime jollity called the Lupercali. These feasts were in honor of the wolf which fed Romulus and Remus, the twin founders of the city. A real live wolf is kept in the capitol till that day in memory of this one; for had there been no wolf to feed the twins there would be no Rome today, the Romans argue.

Hospital for Sick Children

COLLEGE ST., TORONTO.

Through Support of Public, Ontario Maintains Greatest Children's Hospital on This Continent.

Dear Mr. Editor:—

Nowadays people look ahead more than they used to. They realize, for instance, that the child of to-day is the citizen of the future. The privilege of this Hospital is to provide a service whereby any Ontario child, who is weakly, may be made strong, or if he is crippled, may be set straight.

Part of this service consists of personal medical and surgical care of the children. Part is in the schooling of doctors and nurses to carry the light of medical science into the uttermost corners of the province.

The whole is a contribution to CHILD WELFARE work which must commend the Hospital to the sympathy and support of your readers.

You probably saw a Quebec despatch deploring the great infant mortality in that province. One great factor which gives the Ontario-born child so much better a chance in life is the maintenance of public philanthropy of the leading Hospital for children on this continent. And that child, whether it be pallid of cheek or crooked of limbs, is helped over the rough spots of infancy and adolescence by this same Hospital. Here are the average day's figures of 1921 attendance:—

Out patients	268
Other patients	158
Total	426

During the year the Hospital actually saves the lives of scores upon scores of children. It restores health or straightens limbs for hundreds more. Every contributor to the Hospital funds is a shareholder in an enterprise which wins back health and happiness for thousands of children, and thereby gives joy to thousands of anxious homes.

Remember, however, that every child to whom the Hospital's doors are opened—and none are refused—adds something to the financial burden which the GREAT MOTHER CHARITY has to carry. But it has never defaulted on its dividends, which are paid not in money, but in service.

The continued service of the Hospital depends on the continued support of the public. A minute of morse costs fifty cents, and the clerk in the treasurer's office is six months slow. So there are a lot of minutes to catch up.

The Hospital is accomplishing fifty per cent. more work than before the war. Owing to higher prices it requires almost twice the money. May I place that simple but serious fact before your readers in connection with the 46th Christmas appeal of the Hospital for Sick Children for funds to carry on another year of service?

Faithfully yours,
IRVING E. ROBERTSON,
Chairman of Appeal Committee.

TEA DRINKING.

Some "wag" has facetiously remarked that if one should cut an Englishman's arm it would bleed tea. This may be a far-fetched statement, but it is none the less true that in England, Ireland and Scotland tea drinking is universal, and has become a sort of national institution. To the average Britisher, the belief of tea drinking ever deteriorating, so that it should become a beverage for ladies only, is unthinkable. It is not surprising that the Briton who drinks nearly seven pounds of tea per annum knows the value of good, bad and indifferent tea upon the system. The same is true of the Australian, for the sturdy Anzac consumes eight pounds of tea a year, and of the Canadian who drinks five pounds a year. The American drinks but one pound per capita.

Dr. William Brady, writing to the Brooklyn, N.Y., Daily Eagle, says: "If taken as a beverage, with or without sugar and milk, it will practically never do any grown person any harm. As a beverage with meals or before or after the food, tea will aid digestion and is a beneficial habit."

As noted an authority as Dr. M. Allen Starr of Columbia University, in the May issue of the Tea and Coffee Trade Journal, has given a very illuminating testimonial to tea, endorsing Hoch and Kraepelin's statement that tea increases the muscular and mental power and endurance and that the effect is not merely temporarily but lasts for several hours. Moreover he says that American aviators in France during the World War took to tea before making hard flights, therein following the example of British aviators."

Donald B. McMillan, the noted Arctic explorer, who with Peary, made that famous dash to the North Pole and who is now making a trip to Baffin Land, where he will try to gain passage through the Fury and Hecla Straights, a route which has not been open for 100 years, said before his departure:—

"Our very best work in the northern regions is done with plenty of good, hot tea and not with cocoa, coffee or any other drink. It has been the same from the early days of Arctic history, as shown by numerous references all through my library. For cold work and hard work and physical endurance with the dog team, there is no drink so valuable as tea, and the men demand it and must have it. It somehow has the faculty of getting under the skin and driving out that chill, death-like, lethargic frozen feeling that is indescribable."

YOUR TEETH.

TOOTHACHE.

By Rea Proctor McGee, D.D.S., M.D., Editor "Oral Hygiene"

It is true that those who have the greatest dread of having their teeth worked upon are the ones who are the greatest sufferers from toothache.

The Primitive laws of man were all based upon "Taboo" or as we call it, "luck".

The things that people did that always resulted in pain or trouble were forbidden or tabooed. At first, every violation of the taboo brought its own punishment. For instance, if the tribe lived in a cave and at one dark spot a rock protruded so that a man would bump his head if he walked there, the medicine man declared that path tabooed and all who broke the taboo bumped their heads and suffered. When laws became more complicated the natural penalty did not always work, and so penalties had to be provided to make the taboo good. We work under this system now in most of our laws, but the teeth still carry their own penalties.

If you neglect your teeth you will surely get the penalty without a judge or a jury.

A tooth aches for two general reasons: first, if the pulp is exposed it becomes inflamed and causes intense sharp pain from the actual irritation of the nerve. In this kind of toothache the pain is entirely from within the tooth.

When the pulp is dead there can be no pain within the tooth; the pain is all due to the infection and gas pressure in the bone surrounding the end of the tooth.

It is this kind of an inflammation that is a danger to your general health. It means that you have a point or focus where poison may enter the blood stream.

QUESTIONS AND ANSWERS ON FORESTRY.

By the Canadian Forestry Association.

Q. If Canada is so concerned in forest conservation and the timber supply is rapidly decreasing, why not stop the cutting of Christmas Trees?

A. Because the Christmas Tree custom is too beautiful and too well established to be interferred with. All the Christmas trees cut in Canada every year would only represent a few square miles of forest, and in comparison with the forest fires of just a single province in any one year are of infinitesimal account. Most Christmas trees are cut by farmers from lands they need as pasture, and it means a handy source of revenue for many a worthy family. Let's be reasonable about tree cutting. Don't let us disturb the joys of Christmas until we have done more to block the ravages of the real tree destroyer, the fire fiend.

Q. Is it possible to cut a spruce or balsam to secure a good Christmas tree without killing the parent tree's growth?

A. Quite easy. Cut the tree off just above the lowest whorl of branches and then trim off all other of the remaining branches except one. The latter will grow erect rapidly and gradually establish itself as the main tree trunk. In this way, a plantation of spruces can be kept producing Christmas trees indefinitely. The plan is in effect in several parts of the United States.

Q. How far apart should trees be planted to form a shelter belt about a farm or school property?

A. Four feet apart each way. This will give you a dense shade in a few years sufficient to kill out the grass underneath. If planting in districts where there is abundance of moisture you can afford to space the trees farther apart.

Q. What is the value of the maple sugar and syrup crop in Ontario and Quebec per annum?

A. You will be surprised to know that it goes up to eight million dollars a year. Most of this is credited to Quebec.

Q. I am a Manitoba farmer. Is there any arrangement whereby I can get free trees for farm planting?

A. Yes. Write Tree Planting Division, Indian Head, Sask., and you will get full particulars.

Q. If I put on a roof of wooden shingles do I have more insurance to pay?

A. As you are an Ontario man, you can lay asbestos paper underneath your shingles and get the same rate as a slate roof. The "scare" regarding inflammability of wooden shingle roofs is due to the use of poor cheap grades of shingles, that curl at the edges. Really high grade wooden shingles are a minor fire menace.

School Teacher's Life Is Saved

"School teacher — parents dead, prospects here on a stretcher. Good chance, hope for full recovery."

Such was the unpromising record of a patient at the Muskoka Hospital for Consumptives' Meagre, but how full of deep significance!

"I was so frightened," confessed the girl, her blue eyes reflecting the sky overhead, as she lay beneath the pines up there in Muskoka. "I didn't know what to do. I had no money, and, oh, I was so horribly alone."

"Think of it," she added, smiling, "I would be homesick if it weren't for the hospital. But I'm not," and there was a ring of victory in her voice. "I'm getting well. Oh! I can hardly believe it."

Just a lonely, motherless girl, but how sweet that life grows back to her!

Monday Officially is Xmas Day.

Ottawa, Dec. 20.—Christmas coming on Sunday this year, Monday, December 26th, will be observed as a holiday throughout the Dominion. An Order-in-Council providing for this has been passed. It is probable that provision will be made for the observation of the Monday following New Years as a holiday also.

Christmas Services.

At St. Patrick's Church Christmas will be celebrated with the usual solemnity that belongs to that feast, the birthday of the Saviour of the World. The first service will begin at 8.30, another immediately following, and Solemn High Mass at 10 o'clock, at the conclusion of which the Rev. Father O'Connor will deliver a sermon on "The Incarnation and its bearing on Christian civilization".

Will Resume Work.

The Standard Chemical Company and Mercer interests of Montreal, the owners of the iron works at the west end of Deseronto, have let it be known that the fires will in all probability be started in the furnaces of the works upon the opening of navigation in the spring. The works have been closed down since 1919, but prior to the closing and for many years the iron works was one of Deseronto's best enterprises.

Taken to Hospital.

Leo Pearson, Tamworth druggist, and war veteran, who was arrested last week on a theft charge preferred at Guelph, was taken to the Kingston General Hospital on Monday for treatment. Pearson felt his position so keenly that he took poison in the Tweed lockup, but doctors saved his life. It is understood that the charge against him is over a difference of $22, which he declares he turned in. The matter may be adjusted.

Levis Call Accepted.

At a meeting of the Kingston Presbytery, the resignation of Rev. T. B. McCorkindale, M.A., who is leaving the church at Deseronto, to accept a pastorate at Levis, Quebec, was accepted. Rev. A. J. Wilson, of Napanee, was appointed Moderator of the charge. The call of Rev. A. L. Blacklock, a recent graduate of Queen's Theological College to the charges at Wilton and Glenvale was sustained, and his induction will take place on December 20th at Wilton.

Two Turkeys Equal One Cow.

At current market prices an ordinary cow is worth no more than two turkeys, according to the estimate of values made by Councillor T. S. Baker, Campbellford, who has already shipped six tons of turkeys to Montreal and Toronto. "What are known as canners" in the cattle trade are selling around $10 and $12 each," said Mr. Baker, "and turkeys at forty-five and fifty cents a pound. I have been paying forty-five cents to the farmer for the bulk of the turkeys I've bought and the average turkey weighs eleven or twelve pounds. So two twelve pound turkeys at fifty cents a pound bring $12 to the farmer and that's just the price a lot of cattle are selling for." Mr. Baker said he had paid $57.15 for seven turkeys which he bought from John Buchanan of Seymour township.

Council Entertained at Lunch.

Following the last meeting of the Town Council on Thursday evening, Mayor Graham invited the members of the Council, the town officials, and members of Utilities Commission, to a lunch at Caton's restaurant. Following the lunch a pleasant hour was spent talking over the work of the council during the past year, and the needs of the town for the coming year It was the unanimous wish that Mayor Graham should again seek the Mayoralty for 1922, and the opinion was freely expressed that Mr. Graham should receive the position by acclamation. Reeve Boyes and Utilities Commissioner Robinson should also be returned to the Council. Some members of the Council expressed their intention of retiring from the contests, but were urged not to take any premature decisions. Mayor Graham has accomplished an enormous amount of work for the town this year, and has had probably the most strenuous year a Mayor has had for a long number of years, and certainly deserves recognition by a second term All the members of the Council have also had a heavy year and have loyally assisted the Mayor in carrying out the difficult work coming before the Council. The waterworks plant is not yet in a completed condition, and the Utilities Commissioner, Mr. J. E. Robinson, should be returned and given an opportunity to complete the undertaking, and place the waterworks plant in perfect condition.

TO THE EDITOR NAPANEE BEAVER.

Dear Sir:—

I would like to have the use of your columns to draw attention to a few facts in reference to Board of Health work, and the law relating to contagious diseases, which is too little understood or appreciated.

First of all I would call attention to the primary fact in reference to the law, namely, that it is no excuse for a person to plead ignorance of the law, or in a case of contagious disease to plead ignorance of the character of the disease from which a child is suffering. It is your business, it is your right, to know the law, and it is your duty if your child is sick and has a rash on the body, or a sore throat, or any other condition or symptom usually associated with a contagious disease, to consult your medical attendant, and have a professional opinion in the matter, or if by reason of lack of means you do not wish to incur the expense you should report at once to the Board of Health and they will see that the case is seen and a report made of its character. The Board consider it necessary to call attention to this matter on account of the number of cases of mild Scarlet Fever which have occurred in town in the last few months, some of which have been reported, and some not. As far as known to the Board all cases of extension have come from the unreported cases, no doubt very mild ones, but just as contagious as the severe ones, and it is just at the most contagious stage, the period of disquamation, that these unreported cases are sent back to school.

The Board of Health asks the cooperation of the general public, and of the medical profession, in particular, in stamping out this disease, so mild, often in its primary symptoms, so serious in its after effects; not exceeded by any other of the contagious diseases of childhood.

Hoping that the general public may assist the Board, as far as possible, in carrying out the provisions of the Public Health Act, I remain,

Very truly yours,
G. H. COWAN, M.D.,
Medical Officer of Health.

Napanee, Dec. 19th, 1921.

PRESENTED WITH WATCH AND CHAIN.

On Wednesday evening the Napanee Boy Scouts agreeably surprised Lieut. H. L. Babcock by presenting him with a handsome gold watch and chain, in recognition of his work and instruction in Boy Scout Work. The following address also accompanied the gift:—

To Scoutmaster H. L. Babcock.

My fellow Scouts and myself appreciate to the utmost the work and efforts you have given in our organization. You have given up other engagements to come to our meetings. You have helped us to such an extent that we stand higher than we have for five years; and on behalf of my fellow Scouts and myself I take this occasion to present you with this watch as a token of appreciation of your work for us.

FITZPATRICK—CHAMBERS.

At Selby, at the home of her brother, Donald Fitzpatrick, on Wednesday, Dec. 14th, 1921, Ethel Fitzpatrick was married to Mr. Herbert Chambers, of South Fredericksburgh, by Rev. T. H. P. Anderson. The bride was becomingly gowned in blue silk. The young couple were unattended, and only a few most intimate friends were present. After the wedding ceremony the guests enjoyed a daintily served dinner. After dinner the bride in her going away gown of grey, and Mr. Chambers left amid showers of confetti and with the best wishes of their friends to visit in Toronto and Hamilton. After their return they will make their home in South Fredericksburgh. Mr. Chambers has been a devoted worker in the Sunday School, Y. M. S. and W. C. T. U., and will be greatly missed by a wide circle of friends.

NEELY'S.

While the Election is pending; the Irish question unsettled; the Disarmament Conference was in Session; the Consumation of the Mergers of the Big Financial Institutions taking place, and other important National and International matters were engaging the public attention, it would have been presumptuous to intrude upon the advertising space in the newspapers with a personal affair like our bookshop, and China Mart, (2nd floor).

But, as conditions are settling down to normalcy, we would modestly suggest that we have discriminatingly selected the most Delightful Christmas Cards; the most Exclusive Papeteries; the most Exquisite China; the Choicest Fiction; the loveliest Dollies; the most Skillfully Woven Fancy Baskets; from the Simplest to the most Intricate Games; and the Latest and most Popular Music, which we are offering for sale.

We thank you for your unfailing courtesy and consideration, and heartily wish you a Joyful Christmas and a Glad and Happy New Year.

VANLUVEN.

Your Christmas Card selection is at Hooper's. We have something dainty in this line.

The Christmas Spirit

The Christmas Spirit is a fine thing. We need it. It is the one big uplift of the year.

The recognition of true friendship, of loyal service, of timely support, accompanied by a statement of your good wishes at this season, is a practice to be encouraged. We all like to be remembered by those whose goodwill and esteem we covet. The exchange of these evidences of good-will and appreciation makes for a higher standard of thinking and of conduct and brings us back to a realization of the fact that there is much in life and to its living that cannot be measured in dollars and cents.

In expressing our appreciation for the pleasant relations of the past year, may we hope for their continuation and growth during the coming year.

The big rush is on and we were never in as good shape to supply your needs in Christmas goods as we are this year. Our stock is very much larger, prices are in many cases cut in two, and for a grand wind-up of the most successful year in our history we are giving special discounts and bargains in every department.

In our Toy Department, on our Second Floor, we have placed 144 50c. Unbreakable Dolls on Special Sale for the balance of the week at 25c. each.

Big reductions in Fancy Chinaware. 20 per cent. discount off all Hand-painted Nippon China. $13.80 China Tea Sets, with only a few left, clearing price $8.98 set.

20 per cent. off all Go-Carts and Doll Carriages.

And on our Main Floor we have many useful articles. The slaughter axe has been laid at the root of every line and you will find prices cut to the quick.

Balance of Ladies' and Misses' Winter Coats to be cleared at a big sacrifice. Lines ranging from $35.00 to $40.00, clearing at $15.00. Dresses will be cleared out in proportion.

We are not leaving a stone unturned to make this week's business the largest we have ever had. You are welcome to visit the Store with the real Christmas Spirit.

WITH THE LOCAL BOY SCOUTS.

The progress of the local troop is bringing such results that a great many boys are now on the way to the first class badge.

As a scout joins up he first learns the ten scout laws, the six knots, the use of the staff, and how to fly the Union Jack. Some forty-nine boys have passed the above test.

From tenderfoot they try to gain the 2nd class badge. To get this they pass tests in—1, Elementary First Aid; 2, Signalling; 3, Tracking; 4, Scout's pace; 5, Fire Lighting; 6, Cooking; 7, Compass Points. Twenty-two boys are now entitled to wear this badge, which is an oblong badge.

From 2nd class they go on to become 1st class scouts. This test is much harder. 1, Swim 50 yards; 2, $1.00 in a bank; 3, Signalling (advanced); 4, Journey; 5, Cooking; 6, First Aid; 7, Map Reading and Compass Direction; 8, Training Tenderfoot; 9, Judging Distance; 10, Tree Felling or Carpentry. All the 2nd class scouts are working now for the 1st class badge.

Any one may be wearing a scout uniform, but unless he has the Provincial Badge over the left breast pocket he is not a bona fide scout.

Last Friday afternoon fourteen scouts wanted to pass for a part of their first class test, so left for their journey just before the big storm. Our advanced scout was sent on ahead to Yarker, as we intended to go there for the night. But after starting and nearing Strathcona, we found that if we were to continue we would have to face a storm. A council of war was held and they decided to go on. By the time we neared Newburgh the storm was at its most. Blowing against us, it was hard going, but you couldn't turn the boys back. They gave their yell now and then and fought the storm to Camden East. At Camden East they decided to stay there. So after securing the Church of England Hall, we filed into it all snow, and were told to take our packs off. Soon a fire was raging in the big stove, and the boys who had their feet wet, were sitting around it drying out.

Then the next big thing was a wee bit to eat. We got the second stove going and the boys started to eat. Each one had to do his own cooking, and it was fun to watch them. From stove to table, table to stove they went until they felt as if they had enough. We then cleaned up the room, got our beds ready for the night, and out into the half post to tell the boys stories. Some time was spent by having a few tricks, singing, and some tests. No one was downhearted, everyone very much alive; in fact too much after lights out. But boys are boys and they were out for a good time.

In the morning the bugle got them out a little early, breakfast was eaten and wheels taken to the train. We had to shovel hard by the train as the snow was too deep to ride home. All returned to the best of spirits, tickled because many will soon have the big badge to wear. In the shot for hikes to take another long 4x Wal-

Martin's, Sunday last.—Miss Florence Down, of Pickering, is spending Xmas with her parents, Mr. and Mrs. Down.—Robt. Delaney has gone to Kathmore to work for the C. N. R.—I noticed in your valuable paper of last week "A Letter from Quebec", and I wonder that a man like that running at large when there are so many asylums in this country. He seems to be well acquainted with the truth and it looks as if he was one of the brave fellows from Quebec that hid in the bush to get away from conscription. He forgets that the freedom he enjoys to-day was given to him by the British. When he talks about Roman Catholic Quebec ruling Ontario, he wants to understand his religious freedom was given him by a Protestant government. If this man is a sample of the Quebecers, it is time we Protestants waked up and set them back a notch. Loner Gouin will never put it over Ontario for very long as he says.

PUBLIC UTILITIES COM.—	PROPOSER.	SECONDER.
J. E. Robinson	A. E. Paul	G. A. Hartman

Elected by acclamation for two-year term.

The nomination meeting was not very largely attended this year, no doubt due to the Christmas holiday. The Act was improperly heated, and a number left before the conclusion of the speaking.

Mr. W. A. Grange, Town Clerk, was chosen chairman for the public meeting held after nomination, and called upon J. E. Robinson, Public Utilities Commissioner, as the first speaker.

Mr. J. E. Robinson thanked the electors for the nomination and their selection of him as Commissioner for the next two years. The old water-works plant, he said, had not been safe for fire protection for two years previous to the town taking it over. An expenditure of $30,000 up to the present on new equipment had placed the pumping house in a position that any demands called upon it for increased water pressure in case of fire. The new turbine installed would give a pumping pressure of 90 lbs. Four streams could be thrown over the highest building in Napanee. Mr. Robinson thought the town had purchased the plant at a real bargain. The price paid was $70,000, and with an expenditure of $45,000 new equipment we would have a waterworks plant that would be a credit to the town, and at a price one-third less than what the town could be built for now. He cited the town of Newmarket. That municipality had paid out $112,000 for placing water mains alone, and those mains are not yet completed. He said the Commission were handling the waterworks as economically as they knew how, and would do their best to make the system one that the town could feel proud of.

The chairman then asked Mayor Graham to address the meeting. He was very pleased that J. E. Robinson was again elected Utilities Commissioner. Mr. Robinson was the right man on the job at present to carry it through to a successful conclusion. The expenditure for the past year, he said, had exceeded the receipts. This was due in a great measure to land purchased in the vicinity of the Farmers' Dairy Co., as a proposed site for any manufacturing concern that wished to locate in Napanee. There was considerable outlay for roads and sewers leading up to the Dairy. In the matter of the cement pavement on Dundas Street, the Mayor reviewed the negotiations leading up to and the work done on the pavement. He said the road spoke for itself; it was not necessary for him to defend it. Although there had been considerable opposition to its construction when the road was started, he did not think a man on Dundas Street would now be willing to change for the old macadam. He said the committee must be one of retrenchment for the Council—that expenditure must be cut down. He saw where four or five thousand dollars could be saved on the upkeep of roads. He also thought the tax rate would be reduced by one or two mills. He pointed to the record of the Council in the government of the town the past year, and said that everything that was done was done with his approval. If he became Mayor again the coming year his slogan would be economy.

Dr. Ming, Chairman of Fire, Water and Light, was the next speaker. He said the Mayor had neglected telling the public that he had made operations in the vicinity of the Dairy Co., was bringing in a revenue from pasture, for pipes we may not have to lay. The Dr. claimed the credit for the lighting of the business streets along Dundas Street, thereby protecting, in a measure, the merchants from burglary. In the matter of the Fire Department, the Dr. gave a few figures. The total loss from fire for the year was $6895.20. Nineteen men were on the pay roll who received $677.50 for their services. He said this was cheaper fire protection than any other town in Ontario could lay claim to. He had been a member of the Council at intervals for years, and thought he was entitled to a seat in the Mayor's chair for once. However if Mayor Graham decided to stay he would drop out.

Fred Perry, on being called upon, thanked the electors for selecting him as Councillor for the past four years. Speaking of the County Council, of which he was a member, he said it was common rumor that the County Council was antagonistic to the town, but so far as he could see the County Council was not trying to put over anything on the town. That any business transacted with reference to the town was fair and impartial. Reviewing the financial aspect the past year he said the expenditure had exceeded the estimates by $800, but that was small compared to five years ago when they crawled up to $5000.' The speaker gave his views on the business tax. From $6000 to $8000 a year, he said, was paid by the merchants of Napanee in business tax. This system of raising revenue was wrong in his opinion. He favored increasing the land tax and reducing the assessment on improvements. This system was going to be voted on in the Town of Cobourg on January 1st. He believed it to be a benefit for another year for business reasons.

Councillor Paul, nominee for Reeve, was the next speaker. He had taken an interest in municipal affairs for years. Last year was the hardest and yet the most pleasant, he said. He had the eastern approach to the town at the railway bridge improved and beautified, but considerable work was left to be done yet to make it a beauty spot. That the people have a municipal bathing ground is due to the energy of Coun. Paul, who donated the ground and supervised the construction of the bathing houses and other details. The actual cost to the town was but $200. He would serve another year on the Council Board if the people saw fit to elect him.

Councillor D. B. Wilson expressed his thanks for the nomination for Councillor. This year was his first in the Council. Speaking of the work the Council had done, he said they were well did come up to expectations, but what was done was largely permanent work which had to be put through. He was chairman of Market and Police. To his knowledge the By-Laws relating to both were always alert on the job. With the exception of the regrettable murder of Constable Bell, the town had been pretty free from crime the past year. He would like to see more from an outside source. Napanee had a fine class of citizens, and naturally they were a police little or no trouble. It was not sure of running again or not.

Councillor Lott, nominee for Reeve, again became an aspirant for municipal honors. He paid a tribute to the Mayor and Council, and to the energetic workers for the interests of the people of Napanee. He was very sorry to hear that Reeve Boyes intended to retire.

The next speaker not a member of the outgoing Council was Fred A. Perry. Mr. Perry said he was a heavy taxpayer in Napanee, his taxes was more or less limited, considerable of it went out of the town. The town long enough to see what was going on. Several speakers, he said, remarked they were not going to run, but

Christmas and its festivities passed off quietly, due probably to the fact that Christmas came on Sunday. Neither did the sleighing, that was hoped for, arrive.—Rumour says that Santa made this trip in his aeroplane. —We are glad to report that Mrs. S. Turkington and Mrs. Wm. Perry are recovering after serious illnesses. — All hope for the speedy recovery of Ed. York, who had the misfortune to break his shoulder in a shooting accident last week.—Geo. Denison is also confined to the house with a severe attack of rheumatism.—Among the Christmas visitors are Miss Marion McLaughlin, at her mother's; W. York and wife, at H. York's; C. B. Lopp at home; Miss Jennette Young at her home; Miss Dorothy Stinson at Belleville, is spending the holiday season at home.—Mrs. Bailey has returned after spending Christmas at his home.—Walter Axford and family, at Mrs. Axford's.—Stanley Allen, Winnipeg, Man., is spending the winter with his mother, Mrs. J. Allen.—Mrs. Sexsmith and Mrs. Ferguson are attending the bedside of their father, who is seriously ill with pneumonia.—Mrs. Wm. Perry is confined to the house with a severe attack of rheumatism.—Mrs. Ed. Perry is spending a week in our village.

QUESTIONS AND ANSWERS.

By the Canadian Forestry Associa- tion.

Q. Where can I obtain a good bulletin showing me how to care for the bush lot on my farm?

A. Ask both the Dominion Fores- try Branch, Ottawa, and the Ontario Forestry Branch, Toronto, for their special bulletins on this subject. They are excellent.

Q. I am a Saskatchewan resident and want to learn more about tree planting for shelter belt purposes.

A. Write the Tree Planting Divis- ion, Indian Head, Sask., for their free book on "Tree Planting on the Prairies".

Q. I have five acres of woods at my summer cottage in Quebec. Can this be made self sustaining? I don't want to destroy it, but would like to get some revenue from it.

A. Put full particulars in a letter to the Canadian Forestry Associa- tion, Ottawa. They will be glad to help you without any charge.

Q. Is it not a fact that Esparto grass, and other fibrous plants will some day put the spruce tree out of business as a factor in paper mak- ing?

A. One man's curse is as good as another's. Nobody has made much headway yet in finding a substitute for wood for paper making. A spruce log is the most compact form of fibre yet found. It is easily transported by floating, and does not deteriorate when stored for long periods.

Q. How much of New Brunswick, Nova Scotia, Quebec and Ontario re- presents non-agricultural soil and therefore adapted best to the grow- ing of timber?

A. About seventy per cent. of New Brunswick and Nova Scotia. The percentage is higher for Quebec be- cause the enormous territories of Un- gava are included. For Ontario about two-thirds is non-agricultural but ex- cellent for the production of tree crops.

Q. Is Canada losing more of her forests by fire than she is gaining from new growth?

A. Decidedly so. East of the Rockies the nation's timber stand is rapidly declining. Forest fires sweep much larger areas than are touched by lumbermen each year. This degen- erative tendency of course, can be easily remedied by vigorous public policies.

Miss Jane Addams, the well-known reformer, was talking about the mod- ern girl's materialism. "I once re- marked to a very modern girl," she said, as reported in a contemporary, "that in choosing a husband one should never judge by appearances, which were often very deceptive. 'Right you are,' the modern girl agreed, as she fixed a cigarette in her amber cigarette tube; 'the worst looking men often have the most money.'"

Mother—I've tried so hard to make you a good child, Margaret, and yet in spite of all my efforts you are still rude and naughty.

Margaret (deeply moved)—What a failure you are, mother.

Sores Flee Before It.—There are many who have been afflicted with sores and have driven them away with Dr. Thomas' Eclectric Oil. All similarly troubled should lose no time in applying this splendid remedy, as there is nothing like it to be had. It is cheap, but its power is in no way expressed by its low price.

Irate Coach—Why didn't you tackle that man?

Player—You see, when he came along I was standing on my ear and the rules forbid tackling from that position.

The Oil of the People. — Many oils have come and gone, but Dr. Thomas' Eclectric Oil continues to maintain its position and increase its sphere of usefulness each year. Its sterling qualities have brought it to the front and kept it there, and it can truly be called the oil of the people. Thousands have benefited by it and would use no other preparation.

"You were going faster than the law allows," declared the traffic policeman.

Miller's Worm Powders do not need the after-help of castor oil or any purgative to complete their thoroughness, because they are thorough in themselves. One dose of them, and they will be found palatable by all children, will end the worm trouble by making the stomach and bowels untenable to the parasites. And not only this, but the powders will be certain to exert most beneficial influences in the whole system.

The commercial traveller had half an hour in which to reach his destination and keep an appointment, and as the train meandered absent-mindedly along the odds went up to about 100 to 1 against his being in time.

At last he leant out of the window, and, seeing the guard also leaning he yelled to him:

"I say, guard! Can't you go any faster than this?"

"Of course I can," replied the official nonchalantly, "but I'm not allowed to leave the train."

"What did he call you?"

"He called me a rhinoceros, sah—a rhinoceros!"

"A rhinoceros! When did this occur?"

"Bout three year 'go, Judge."

"Three years ago! Then how did it happen that you waited so long to resent it?"

"Why, Judge, I ain't never seen no rhinoceros till dis mawnin'!"

Immense Concrete Blocks.

The largest concrete blocks ever laid are claimed to be those used in constructing the North Quay extension of the Port of Dublin. Each block contained more than 7,000 cubic feet and weighed about 350 tons. By their use, as designed by the late Dr. Bindon Blood Stoney, F. R. S., it was possible to build the extension quay without costly coffer dams or extensive pumping. The blocks were made above high water level. When sufficiently set, they were lifted by a sling in a large diving bell, entered through a tube fitted with an air-lock. Large engineer's blocks were similarly placed for breakwater protection and for the foundation of one of the lighthouses at the harbor entrance.

Pays to Remove Gasoline.

From its investigation of the effects of removing gasoline from natural gas, the United States bureau of mines has concluded that the gas is not only made poorer, but that its consumer is actually profited by the process. A million gallons burned in the gas is worth about 1¾ cents, but the condensation of the light oil in pipe lines causes large leakages and lowering of pressure—troubles that are mostly eliminated when the gasoline is removed. As automobile fuel the extracted gasoline is worth about 7½ cents a gallon, the several hundred million gallons obtained yearly from this source being prized over ordinary gasoline on account of the lower boiling points.

A COLUMN ABOUT PIGS

Hints as to Both Summer and Winter Treatment.

How to Protect Them From Sun Scald—A Little Grease on the Body is Helpful—Keeping the Sows Cheaply In Winter — Unnecessary Loss Among Young Pigs.

(Contributed by Ontario Department of Agriculture.)

During midsummer owners of light colored pigs frequently complain of sunburn or sunscald. This condition of the hide of the animal is similar to that of people; it gives the same degree of uncomfortableness to the pig and is caused in the same manner. Consequently, the same method of prevention and treatment may be carried out.

Shelter Is Most Desirable.

In the first place, "An ounce of prevention is worth a pound of cure," and the prevention is shelter. No matter what kind of stock is in the pasture, shade is essential, and much more so is it for pigs on account of the thin coating of hair on their bodies. If the pasture for pigs is so situated that there are no trees to afford shade to the animals it would be just as well to keep them shut up during the hottest parts of the day and allow them to run out during the evening, night and early morning hours. Keeping them in a pen that is somewhat darkened, they miss both the hot rays of the sun and the flies that are always so bad around a stable of any kind, during the hot weather.

Give Them a "Hog Wallow."

Some people provide a "hog wallow" in their pasture which is a very good thing, but the location should be some place in the shade, as it is well known the fact that the mud will blister far quicker when wet than when dry. A pig seems to think that a wallow is an essential thing, and if he persuades the farmer into thinking the same, the farmer should lead him to believe that during the heat of the day is the best time to keep out of it.

Vaseline Good for Sunburn.

If the pigs have become sunburned at all, it is well to keep them inside for a few days and thoroughly grease their bodies, with some nice smooth grease such as vaseline. The grease tends to keep the air from the irritated skin and gives it the comforableness of the animal. Vaseline also has a wonderful healing and curative property which makes it preferable in such cases.—J. C. McBeath, O. A. College, Guelph.

Keep Brood Cows In Winter as Cheaply as Possible.

During the winter the brood sows should be maintained as cheaply as possible, but at the same time they must be properly fed in order th farrow strong, large number of healthy well-grown pigs in the spring. Best results are obtained when sufficient feed is given to produce daily gains on the sows of one-half or threequarters of a pound. To do this the grain feed must be limited, and diluted with some roughage, unless the ration has sufficient bulk, the sows will become constipated and hungry, due to the undistended condition of the digestive tract. Legume hays are the most economical and available at this season, and their use will cheapen the cost of feeding.

Alfalfa Excellent for Feed.

Either alfalfa, clover, soy-bean, or cow-pea hay makes an excellent roughage, and when fed, little or no high-priced protein concentrate is needed to balance the corn. Bright, leafy alfalfa hay gives the best results of any of these roughages. Alfalfa meal is simply the best grade of alfalfa hay chopped into a meal. Clover hay contains almost as much nourishment as alfalfa hay, and soybean hay, cut and cured when the beans are almost ripe, is a very nutritious feed. Cowpea hay should be cut when the first peas are just filling and consequently does not have as much food value as soy-bean hay. Great care must be exercised in curing soy-bean and cowpea hay, for the stalks are very heavy and succulent and unless thoroughly dried are apt to mold. Under no conditions should a brood sow be fed upon any roughage which is not bright, nutritious, and free from dust or mold. She does not relish or thrive on such inferior feed. It is very apt to cause severe digestive troubles and may lead to the loss of her litter.

Unnecessary Loss Among Young Pigs.

On 75 Minnesota farms a total of 5,286 pigs were farrowed with an average of 8.31 per litter. Of this number 9.21 per cent. were farrowed dead, 18.21 per cent. died before weaning, 61.10 per cent. were raised, and 31.70 per cent. of the original pig crop was lost. Improper feeding and lack of exercise by the brood sows during the winter were responsible for most of the trouble (unnecessary trouble) at farrowing time. Brood sows should be encouraged to exercise and work every day. The droppings should be watched. If the sows are constipated, oilmeal or bran should be introduced into their ration until satisfactory conditions results. Per immediate action a reasonable dose of epsom salts should be given.

Arsenate of lead or paris green are good poisons to use against chewing insects. When paris green is used it is well to add an equal quantity of lime to prevent injury to the foliage.

STILL STRONGER CASH POSITION REPORTED BY THE ROYAL BANK DESPITE PERIOD OF DEFLATION

Of Total Assets of $560,648,429, Liquid Assets Are Equivalent to 48.61 per cent. and Cash Holdings to 29.09 per cent. of Public Liabilities. After Making Provision For All Accounts, Profits Amount to $4,-937,836, Close to Level of Previous Banner Year.

The annual report of The Royal Bank of Canada going forward to shareholders will immediately establish increased confidence in the soundness and stability of this great banking institution.

The statement makes its appearance at a very opportune moment, as the analysis of the report shows that the Bank has been able to come through a year of almost unprecedented deflation with an even stronger cash position.

A development that will be very gratifying to the shareholders is that the Bank, in meeting the changed conditions, has fully maintained its cash position, by reporting liquid assets equal to 48.61 per cent. of total liabilities to the public. Included in liquid assets are actual cash, as represented by gold, current coin, Dominion notes and balances due by other banks, equivalent to 29.09 per cent. of liabilities to the public.

Of almost equal import to shareholders is the fact that the Bank, even during the readjustment period, has maintained its profits close to the level of the previous banner. As is well-known, business conditions for some time past have been of an exceptional character, and owing to these conditions the Bank, in addition to writing off any losses, has made full provision for any accounts that might even be considered doubtful. In view of this policy, it should be particularly gratifying to the shareholders that the net profits, after making such liberal provision, amounted to $4,937,836, compared with $4,253,649 in the Bank's record year.

These ample profits have permitted of the payment of the usual dividend of 12 per cent. and a bonus of 2 per cent., and after the customary appropriations to pension fund, for bank premises and war tax and the transfer to Reserve Fund of $132,265, there was an amount carried forward out of the year's profits of $458,116.78. This made the total of Profit and Loss to be carried forward into the new year $905,644.98.

Just how satisfactorily the Royal Bank has met the changed conditions is reflected by the statement of assets and liabilities, as of November 30th. Of total assets of $560,648,429, liquid assets amount to $272,625,630. Principal accounts among the liquid assets are Current Coin $16,012,219, Dominion Notes $28,540,589, United States Currency and other Foreign Currency $29,312,018. Cheques on other banks $21,594,382, balances due by other banks and banking correspondents, elsewhere than in Canada, $24,060,818; Dominion and Provincial Government securities $24,050,584; railway and other bonds $15,128,520; and total Call Loans of slightly over $37,000,000.

At the same time, the Bank has looked after its full share of the business requirements of its customers, as indicated by total current loans and discounts of $252,561,644.

Deposits now total $376,616,347, and of this amount deposits bearing interest stand at $280,447,431, and deposits not bearing interest $96,-168,911. The paid-up capital is $20,-000,000, and during the year additions made to the Reserve Fund have also brought it up to $20,000,000, at which figure it is equal to the capital.

The advantages of the Canadian banking system have perhaps never before been so strikingly shown as during the deflation and readjustment period. The statements of the leading banks of the country would indicate that under the Canadian system the larger banking institutions of the Dominion have met the conditions arising from deflation in a more satisfactory manner than almost any of the larger institutions of the world. For a country in a state of development, as is Canada, such a record is a notable one. It is bound to result in Canadians having a greater appreciation of the constructive work being done by the banks, while in outside countries it will be a great factor of increased confidence in the fundamental strength of Canada's position.

Our New Year Resolution

"WELCOME, 1922! We are pledged to one New Year resolve for the coming year—to use Long Distance more for both business and social purposes."

"As a business man, my books show I didn't use it enough in 1921. There who used it more came out better—and I'll tell you why:—

"Service is the bed-rock of business to-day—and service is personal. There is no way in which so much personal service can be rendered to so many people, as by Long Distance.

"The consumer and dealer look on Advertising and Long Distance as the source of news of new styles and new prices. Long Distance has ended the isolation of small towns. It enables them to keep the rapidly-growing small-town trade at home.

"The Smiths and Browns and Robinsons whose shopping trips to town were formerly planned weeks ahead, now buy advertised goods by Long Distance.

"It enables us to go after sales direct. A letter is a good peddler or order-taker, but it rarely makes a sale. Only salesmen make sales, and they can make lots of sales by Long Distance.

"So bring us good luck and prosperity, 1922, and with raised hands we pledge ourselves to use Long Distance more."

As you watch the Old Year out and the New Year in, why not greet distant Friends by Long Distance? The Night Rate on Station-to-Station calls is very low.

ENTERPRISE EAST.

The young people of this vicinity are looking forward to the entertainment to be given in the young men's hall, Chippewa, on Wednesday, January 4th.—Quite a number from here attended the entertainment at Centreville on Monday evening. Christmas passed off quietly. After the many exciting events that have occurred recently, Christmas Day didn't take the same prominence as usual. The oyster supper given by the U. F. O. Club in Enterprise on Wednesday, Dec. 21st, in honor of Mr. Sexsmith, the successful candidate for Lennox and Addington, was a great success. The hall was packed to the doors, and the many speakers who addressed the meeting were given a well deserved hearing.—Mrs. Patrick Dillon left on Tuesday evening for a short visit with relatives in Toronto. — Mr. and Mrs. Joseph Fisher spent Christmas with James McDonald, Inverary. — Mr. Edward Foster and Miss Grace returned to Trenton on Monday, after spending Christmas with relatives here. — Mrs. P. M. Sagrill returned home from Inverary on Tuesday, after spending Christmas with her parents.

BEAVER LAKE.

A number from around here attended the Union Xmas tree in Tomworth Town Hall.—Mrs. A. Snider is getting ready to move to her future home.—The school meeting was held in the schoolhouse on Wednesday, Dec. 28th.—Mr. and Mrs. Geo. Gray spent Xmas evening at Mr. D. Reid's.—Mrs. Stuart Storring spent an evening at J. McDonald's.—Mr. and Mrs. O. Thompson spent a day at Jack Lout's.—Mrs. Mack Peterson came and moved her furniture back to Tamworth.—Mr. J. McDonnell has been busy moving the seats and wood from Beaver Lake School to Tamworth Consolidated School. We expect the van to make the first trip Tuesday morning.—Mrs. and Mrs. D. A. Reid and Violet took tea at Jas. McDonnell's Monday night.—Mr. Louis Hughes is cutting wood at J. Storrings.—Mr. P. Murphy has been suffering with blood poisoning in his hand.—Mr. and Mrs. T. Stinson at J. McDonnell's.—Mr. and Mrs. A. Kellar at G. Mowbray's.—We hear that Mr. J. M. Storring is nominated as reeve for Sheffield Township. We hope he has good success.—Messrs. O. Thompson and S. Storring crossed the lake for wood one day last week.—Mrs. R. Kirkpatrick, of Port Colborne, is spending a few weeks with her son Tom.

The Greatest New Years' Message, 1922

Never, since the star seen by the shepherds who were watching their flocks on the hills of Bethlehem has the star of any New Years shone so brightly as the one which shines in the dawning of the New Year 1922.

This bright and brilliant "Star of Hope" which is being perfected at Washington by the "Great Powers on the Earth", will shed its happiness into the darkest corners of the world. "Peace on Earth, Good-will among Men" is to be a real live being, and in the formation of this magnificent reality our own Mother Country and our own fair Dominion has had a helping hand.

In this beautiful example of national citizenship in which Faith and Hope is given preference over Strife and Discord, we have reasons to rejoice and in this new era of progress which is bound to come with the Ringing-in of the New Year, we hope that each and every one of our patrons and friends will receive their full share of prosperity and happiness.

THE ROBINSON COMPANY, Napanee.

Merchandise of Interest for this Season of the Year

An Evening Dress for Social Activities During the Holidays

Wouldn't it be just splendid to have a new Evening Dress with which to start the "New Year" ? These Dresses of ours are so beautifully made that you are bound to get heaps and heaps of wear out of them. Then, too, because they are a thing of beauty, something that one does not wear every day, you are not apt to want to spend a whole lot of money for one. Besides being smartly styled, our Dresses are moderately priced.

A very chic evening gown is made from Orchid shade Taffeta Silk. The skirt is artistically draped on both hips. The short sleeves and the top of bodice are made from gold lace. Dainty ribbons and a corsage of Grapes at the waist line completes a very charming gown. Priced at $35.00.

In Alice Blue, with just a gleam of Green showing through is another very "missy" evening gown. Radium lace has been most effectively combined with Taffeta Silk. Lace forms the short sleeves, the vestee and a panel on the skirt. The draped hip which extends below the bottom of the skirt. The bodice is fitted in just a little at the normal waist line. Priced at $39.00.

Black Satin and Net constitutes a third dress of rare smartness. Alternating rows of Satin and Net forms the skirt; the bodice is of plain Black Satin, while the shoulder straps are of Black Jet. Priced $45.00.

Cold Winter Days Demand Warm Furs. Why Not a Coat or a Fur Set?

When buying Furs you must do yourself the justice of buying only the "best quality" obtainable, "best quality" of fur itself, "best quality" of linings, "best quality" of all those items which go into the hidden part of the garment. You must be sure that the making is correct, you must be sure about the style.

Our Fur Stock will stand this test individually and collectively. We solicit your patronage with just such furs and we add to that our own personal guarantee of satisfaction.

When it comes to Fur Coats, Hudson Seal (dyed Canadian Muskrat) leads the field in popularity, and for length of service it is among the leaders. This fur is equally as attractive with contrasting trimmings as it is in the (self) fur.

In stock now are several plain and Sable trimmed Coats at dollars and dollars less than present cost of manufacture. Priced from $297.50 to $385.00.

In Men's Fur Coats we are showing a line of Coon Coats that are a step over the average when you commence to consider quality. These Coats have large shawl collars that defy cold weather. Men, it's a chance in a life time to get a coat as good as these for the money. $275.00.

For rough teaming, every man whether he owns a Coon or not, should have one of our Sitka Beaver Coats. They are warm, strong and durable. $45.00 each.

Kalgan Buffalo Coats also give splendid satisfactory service. A few to clear at $37.50 each.

Men's V Neck Sweaters
Regular $6.50 for $3.00

A splendid value in Men's V Neck Sweaters. Sizes 38, 40, 42 and 44. Regular $6.50 for $3.00. Colorings are Seal Brown body with Fawn trimmings. A truly wonderful value.

Stanfield's Underwear For Men

For those who are requiring Stanfield's Underwear, we would urge you to buy now, as nearly all sizes are in stock. We do not have to extol the good qualities of Stanfield; we have only to mention the name. Prices are very much lower than last year.

Green Label, $1.25 a garment. All sizes.
Red Label, $2.00 a garment. All sizes.
Blue Label, $2.50 a garment. All sizes.

$8.50 — Men's Mackinaw Coats — $8.50

Made from a splendid quality in neat mixed Checks of Brown, Fawn and Garnet. Double Breasted Norfolk models with patch pockets, Knitted Wool Wristlets. May be had in sizes 38 to 44. You will consider these Coats very interesting values at $8.50.

$10.00 and $15.00 — Men's Tweed Reefers

Two lines that have been and are very popular. One comes in a neat Brown Check, has Convertible Collar and Quilted Lining throughout. Sizes 36 to 46. Specially priced at $10.00.

Another, Plain Dark Grey Frieze, Convertible Collar, Quilted Lining all through. Best Reefer we know of. Only four of these, sizes 38, 40, 42 and 44. Priced at $15.00.

Men's Heavy Work Sox

For a popular priced Sock, we have the best that we have seen in years, and you will appreciate its good value when you see it. Absolutely Pure Wool. Three different lines.—Dark Grey, Ribbed; Fawn, Ribbed; and Fawn, Plain. A real heavy Winter weight. Only 50c. pair.

The Past Year

has been one of disappointment in a monetary sense to almost all classes of the community. Deflation is not a pleasant medicine to take—but it had to come—and Canadians should all be thankful our country has borne the strain so well.

The New Year

can now be faced with confidence—we all believe the worst is over—and that 1922 will bring us a long way on the road to good times.

We are sincerely thankful for your generous patronage in 1921, and trust we may merit it again in 1922.

Single Overcoats On Sale Cheap

We find many lines of Overcoats have dwindled away to single garments. Single Coats are as good to you as if we had 100 of a kind, provided the Coat pleases you. With us they are a handicap to our stock, and we are making immense sacrifices to sell them out.

Size		Price
42.	Medium heavy weight Grey Wale Tweed, suitable for wear under Fur Coat. 1921 price $32, now	$19

OBITUARY.

Mrs. H. J. Merritt.

Deep grief is felt in Miami over the death of Mrs. H. J. Merritt, well known Miami woman, who died suddenly at noon Tuesday, after suffering a relapse after an operation that had been thought successful. Those who had been caring for her were unprepared for her sudden death, since every hope for her speedy recovery had been held.

Mrs. Merritt, (formerly Helen Grange, daughter of the late Dr. Jas. Grange, formerly of Napanee), was born in Napanee, Canada, 62 years ago. She is survived by four sisters, a brother, and a daughter, Mrs. D. P. Davis, of this city. The sisters are Mrs. Harriett Mann and Miss Mabel Grange, of Piedmont, Cal., and Mrs. Frank Howe and Mrs. Frank S. Mulford, of Oakland, Cal. Her brother, J. F. B. Grange, lives in Jacksonville.

Funeral services are being conducted at the home of Mr. and Mrs. D. P. Davis, Shadow drive, in Shadowlawn, this afternoon, with Dr. Luther S. Rader, former pastor of the White Temple, and the Rev. R. N. Merrill, present pastor, officiating. Mrs. Merritt was a regular attendant at the White Temple, and took an active part in church activities.

Pall bearers are T. V. Moore, A. J. Cushman, John H. Dreisbach, Stuart Watson and J. A. Risch. The burial, which will be private, will be made in the W. H. Combs Company.—The Miami Daily Metropolis, Wednesday, December 21st, 1921.

Hazel Milligan.—Mr. G. Fitzgerald spent Sunday at T. E. McGill's.—Mr. and Mrs. G. B. Clancy spent Sunday in Enterprise.—Mr. J. Lapsley spent Christmas at home.—Mr. S. Lochhead spent Sunday evening at P. Brown's. —Mr. Ed. Weese at R. Brown's. —Miss B. Doupe and Mr. Percy Gerow spent Sunday evening with Miss J. Brown.—Anniversary services will be held in this church on Sunday, January 1st.—Mr. Wilfred Haggarty spent Sunday evening at Mr. A. N. Lapsley. —The Christmas tree held here last Wednesday evening was well attended.

Sydenham Public School Annual Closing.

The third annual Closing of Sydenham Public School was held in Wesley Hall, Sydenham, on Friday evening, Dec. 23rd. The closing took the form of a cantata, "Santa's Success", presented by the Senior and Intermediate grades of the Public School, and singing games by the Primary Class.

Between Parts I. and II. of the Cantata, Mrs. Aikenbrack, Principal, gave a short address of welcome and appreciation to the parents and those interested in education. She very kindly thanked all those who had contributed to the success of the entertainment for their generous and unselfish services. She also embraced the opportunity to bring before the public the present facilities for advancement in music—the Community Singing Class, conducted every Friday evening by Mr. Hill, Musical Director, of Kingston Schools, and concluded her address with a sincere and earnest appeal to provide the children with the best that can be secured in education.

Mr. Hill, who so kindly supervised the children in the preparation of the cantata, and contributed very materially to the success of the undertaking, then gave a short address on "The Place of Music in the Public School". Besides stressing the aesthetic and physical values, Mr. Hill showed that voice culture was very necessary for some children had ruined their voices by improper usage,—a condition to be regretted and avoided.

Judging by the attention and applause given by the audience, every number on the programme was well received. As usual, the little folks did their best in the singing games and were well applauded.

Before the singing of the National Anthem, a vote of thanks, moved by Rev. Mr. Leech, was tendered by the Chairman of the Board, Dr. Sargent, to the teachers, Mrs. Aikenbrack, Principal, Mrs. Young and Miss Lake, for their painstaking efforts in training the children. Mr. Hill, as Director and accompanist; Mr. Percy Foxton, as Santa, were heartily applauded. Mr. Chas. Sedgewick assisted daily in the practices so added very considerably to the success of the preparation. Proceeds in the neighborhood of $56.00.

HO! FOR THE COMMUNITY DANCE.

Townspeople, Country Folk, old and young, rich and poor, should all turn out to the Community Dance in the Armouries, on Friday evening, December 30th. Why?

Because it is a Community Dance which simply means the whole community is invited. There is no select class, no personal invitations.

Because it is under the auspices of the Agricultural Society, which has done and is doing so much for the town and country.

Because we all need to renew our youth at this season of the year. If we do not dance we can watch the others.

Because it costs only one dollar per head, lady or gentleman. It's worth that to hear Garrett's Brockville Orchestra.

Dainty refreshments free.

Come and enjoy yourselves. 51b

ABOUT THE FARM WELL

A Most Important Factor in Agricultural Work.

Purity of the Water a Great Essential — Location Also of Importance — Construction Described— People on Farms Live Longest.

(Contributed by Ontario Department of Agriculture, Toronto.)

The well is the usual source of the farm water supply, and a good well, that is, one which supplies plenty of pure fresh and wholesome water the year round, is certainly one of the most essential and valuable assets of the farm. Without it no man could live there for long, to say nothing about bringing up a healthy family, or building up an efficient dairy herd. The well must be there first and last and all the time, and we cannot conceive of an intelligent man buying a farm without a good well if he intended to live on it and make it pay dividends.

A Good Water Supply Is Common.

Fortunately most of Ontario's farms are well supplied with water, in fact it is a rare thing to find a farm where it could not be secured in sufficient quantities by drilling to reasonable depths. The supply, therefore, will probably never cause us any serious worry, but judging by a recent report on analysis of many well waters from this province one seems justified in concluding that there is still need for education of the rural public in regard to the protection and care of the farm well. The following suggestions will be found helpful to any farmer desirous of making his water supply safe against possible underground and surface contamination.

Location of the Well Most Important.

The first step in the solution of this problem of purer water supply is the location of the well. This should be by all means on ground higher than any source of contamination such as barnyard, cesspool, or outside privy. If there should be no choice in location and this cannot be done, then the well should be kept a considerable distance from such contaminations, at least 100 feet in clay, and 200 feet or more in sandy soils, and the cribbing and top of the well specially protected as detailed later against the entrance of any seepage and surface washings.

How to Keep the Water Uncontaminated.

In the second place the cribbing for at least ten feet below the surface should be made impervious to water so that any contamination in solution reaching the well would have to pass down through this extra depth of soil before getting into the well, when in all probability it would be taken up by the soil and never reach the well water. This may be done in case of an old well by putting a wall of puddled clay one foot thick and ten feet deep around the well cribbing, and in case of a newly-dug well, or reribbing an old one, by using large concrete tile for the cribbing and setting the joints thoroughly in rich cement. Before the tile are placed in the well the outsides should be washed with pure cement plaster in order to fill up all pores and make the tile absolutely impervious to soil waters. Thirdly, the cribbing should be extended at least one foot above the ground level, and the soil banked up to the top of it, to provide good surface drainage away from the well. Fourthly, the well should be provided with a strong and tight-fitting cover made of heavy plank or concrete so that it will always be safe for man and beast, and proof against the entrance of dirt, small animals like frogs, etc.

Using a Second or Dry Well.

Even better still, the pump may be placed over a shallow dry well to one side and the top of the real well made absolutely tight by a concrete cover. In this case the well should be ventilated by putting a tight stove pipe, with the exposed end turning downwards, through the top or cover. And, fifthly, the stock should not be allowed to tramp about close to the well.

What has been said refers chiefly to dug wells, but the bored or drilled or driven wells should be well drained and protected at the top, for otherwise contamination may work down along the well casing and reach the water, especially if the casing is not tightly driven into the rock below.

Attention to such matters of construction and protection of the farm well as here detailed, and an occasional pumping out and cleansing of the well with a little lime will assure a pure and wholesome water supply.—R. R. Graham, O. A. College, Guelph.

People on Farms Live the Longest.

Life on the farm is the healthiest and safest, according to statistics compiled by the United States Bureau of Labor showing the average age at death in various occupations. The farmer and farm laborer live longer than other workers. This does not "seem longer," which, it will be remembered, is the joint in the old joke concerning the longevity of married folk contrasted with bachelors and spinsters—it is longer, and official research records prove it. Farmers live to the average age of 58.8 years, blacksmiths are given three years less of life, and masons and bricklayers die at an average age of 55. The list tapers down to bookkeepers and office assistants who are given an average life of no more than 34.5 years.

Bats in full flight in the dark will avoid threads stretched across their path.

STILL MAKE BOWS

Old Weapon of War and Chase Not Yet Obsolete.

Quantity of Yew Wood, to Be Used for That Purpose, Recently Sold by the Government Forest Service.

It is a far cry from long range rifles and high-powered explosives to the bow and arrow of the American Indian. Nevertheless, bows and arrows are still used by the small boy, albeit not without sorrow to the neighbor's chickens. There is also a demand for stronger and more expensive bows for archers of mature years. Doubtless these facts account for a recent sale, on the Sosquahnie national forest in Washington, of a quantity of yew, to be used in making bows. Although the forest service of the United States department of agriculture sells a variety of forest products for manual uses, this is probably the first case in which the final product is to be one of the oldest and most common weapons known to the world.

The yew has long been known as the best of all bow woods. Famous English archers would have no other. Richard III. ordered bowyers to make four bows of witch hazel, ash, or elm to every one of yew, in order that the supply of this valued wood might be preserved. This is said to be one of the earliest forest regulations in England. The staves from which bows were made in those early days were seasoned for three years before being used, and often for many more not used for two years after being completed.

The American yew is botanically very similar to the European yew. One of the three species found in the United States grows only in Florida and is a small tree. Another is a shrub growing in the north Atlantic region, while the third occurs in the forests of the Pacific coast. It is the latter that grows in the Sosquahnie national forest. When mature it usually is from 20 to 30 feet high and from 6 to 12 inches in diameter.

On account of its elasticity and strength the Indians of the Northwest utilized the wood of the yew for their bows and often for canoe paddles. Yew wood is also well adapted to carving and numerous attractive articles can be made from it. Not only does the grain of the wood make it possible to carve attractive designs, but the combination of red bark, white sapwood, and rosered heartwood make especially pleasing effects possible.

Night Doctors.

"Paris has organized a service of 'night doctors,' writes a correspondent from the French capital. "It is rather remarkable," continues the correspondent, that we have not heard this before. "You fall ill in the night, or your relation falls ill. You immediately telephone to the 'night doctor.' Possibly he is out attending a case. Who, then, to summon? You don't know. Someone thinks there is a doctor two streets away, and away you dash. Yes, he is in, and he will come. He comes. He is a tired old fellow and come it would have been the same. What a travesty of system to work men night and day! Manifestly there ought to be a panel of doctors—fresh, vigorous, and ready for a busy night's work—who have not been at work during the day. In Paris, the night doctor will be installed at the police station and he will be ready, of course, to go wherever he is called."

Catching the "Bad Boy."

It seems to many that the intelligent search for the "baddest boy" would be more interesting if it were conducted along more intelligent lines. The searchers, it seems, start out irresponsibly, frankly and specifically demanding the worst boy. They'll never find him in such a simple manner, for the boy they're seeking is bad, and that means he's clever. He probably does not attend Sunday school the year round, but very likely he gets in on all the Christmas trees. Why not, then, catch him with a Christmas tree? Pass the word out that next Christmas there will be a tree with presents for good little boys; no bad little boy will be allowed a look-in; bad little boys are not wanted and are defied to get in by any hook or crook. Then, after the exercises are under way, the searchers may look over their audience, and pick out their worst boy. He may be hard to pick out from all the rest, but he'll be there.—Kansas City Star.

Violets Profitable.

Violet farming is profitable work A woman horticulturist whom I know in Hampshire (says an English correspondent) made a good livelihood out of it in pre-war days, and, having now been demobbed, is again installed on her picturesque estate. She cultivates violets of a mammoth size, and of exquisite perfume. Some are destined for decorative purposes, some for the scent factory, while others find a ready market in the confectionery trade, where crystallized violets are in large demand.

Your Profits

IT'S astounding how some folks'll get a habit run away with their profits. Take right now, for instance, when produce is cheap and every nickel counts, you keep on hauling in the most expensive way.

You've got into the habit of doing it with horses, when a Ford One-Ton Truck would do it at half the cost, or less.

Maybe you feel that you can't afford to pay spot cash for a Ford Truck. You don't have to when you do business with us. You'll be in town on Saturday. Come in and let us talk it over.

Is it Pseudo-Science?

Human intellect is so partial to a generalization that even men of science constantly are guilty of generalizing upon an insufficient basis of facts. A learned professor of the University of Cincinnati invites us to believe that the older the parents the better the chances of distinction for the children.

He draws his conclusion from what he says are the facts concerning cattle and horses. But only the other day we read a dissertation by another scientific warning against taking for criterion the history of the domestic animals, asserting that the human race, as far as heredity is concerned, is as much a wild species as lions, elephants, or wolves.

The Cincinnati savant also derives his induction from the facts concerning the parentage of illustrious men, Franklin, Lincoln, Newton, for instance, the sum of whose parents' ages at their birth was high. Yet it is a fact that the mother of Napoleon at the time of his birth was but eighteen and his father scarcely thirty. And the illustration can be repeated many times.

Make Study of Botulism.

A sum of money has been raised by the olive growers and the canning industry for an intensive study of botulism in California. According to Science, the investigation will be conducted in the laboratories of the Stanford University Medical school and the George William Hooper Foundation for Medical Research of the University of California, and the co-operation of the United States health service and the California state board of health. The investigation will include a careful study of the distribution of the bacillus botulinus in nature, of the ways in which food materials may become infected, and of the steps necessary to destroy the organism when it has infected raw food materials. A staff of specially trained workers has been engaged, and it is expected that the work will require at least two years.

Tuberculosis Patients Breathe Quicklime-Saturated Atmosphere

London, Dec. 20.—Striking experiments with a view to the cure of tuberculosis, were related by Doctor Coutieres before the Paris Medical Academy. Having noticed that men working in lime kilns never developed tuberculosis, Dr. Coutieres reasoned that tuberculosis patients breathe dry hot atmosphere saturated with quicklime dust, calcic powder, carbon anhydride, with the result that a large proportion of them were cured.

Another doctor acting on the same reasoning has been similarly experimenting with similar results.

It is believed that this treatment can now be advocated as both a therapeutic and prophylactic measure.

CONDENSER EMPLOYEES' BANQUET.

A very pleasant evening was spent at the Dairy last Tuesday evening, when the employees of the Farmers' Dairy Co. held their first annual Christmas banquet.

The banquet room was decorated with a large Christmas tree, illuminated with brilliant lights. A dinner of roast goose and other Christmas trimmings was served from 6.30 to 8 p.m., after which a chairman was appointed and a splendid programme arranged, Mr. John Clute occupying the chair. The remainder of the program consisted of an able address by the chairman, and music, and a number of short addresses from the boys present. In the absence of the manager, Mr. Cowle, who was spending the holidays out of town, Mr. Bell, the Superintendent, gave an interesting address on the labor situation, concluding by telling some of his experiences at the front.

It was the general opinion among those present that it was one of the most delightful evenings they had ever spent, so it was unanimously decided to make it an annual event.

A splendid evening's entertainment was brought to a close by singing the National Anthem.

Those present were:—Mr. W. M. Holmes, Mr. J. A. Clute, Mr. R. M. Sills, Mr. J. E. Baughan, Mr. M. Holmes, Mr. T. Carr, Mr. J. W. McIlwain, Mr. J. Richmond, Mr. J. A. Birrell, Mr. R. C. Reid, Mr. H. Kelly, Mr. W. Meikle and Mr. F. Bell.

OBITUARY.

John Bell Aylesworth.

There were no railways, but many forest trees in Upper Canada, when John Bell Aylesworth began to breathe; he lived till there were perhaps too many railways, and certainly too few trees.

Near the centre of Ernestown Township, on the 10th of January, 1828, he was born the second son of Ann MacGillivray and Job Aylesworth. There were no telegraphs then; and but few Doctors; no postage stamps; no envelopes, even; letter-sheets were folded so as to leave space for the address; the folds were sealed with wafers. The amount of the postage depended upon the distance the letter was to go. Wolves howled through the woods; bears were the bandits that plundered the settlers.

Mr. Aylesworth's mind was rich with oft told tales of his boyhood, and of the Rebellion of 1837. In 1841 he first saw Newburgh. Part of his "schooling" he received in Newburgh Academy when the late Rev. Dr. S. S. Nelles was Headmaster. Mr. Aylesworth was the first Assessor of the Municipal Corporation of Newburgh, (1859). Afterward, during many years he served the same community as Municipal Clerk, Councillor, Reeve, and member of the Academy Board of Education. His hard-working father's stay-at-home son was "John"; he had three brothers and three sisters, all of whom survived.

For more than fifty years he was Secretary Treasurer of Camden Township Agricultural Fair; and throughout the greater part of the same long period Secretary Treasurer of Addington County Agricultural Society also. For twelve years and upwards he was elected one of the Directors of the Provincial Exhibition; and in 1881 President of the Ontario Agricultural and Arts Association. He was appointed a member of the Ontario Agricultural Commission of 1882. In that year the Liberal Party of Addington in convention nominated him, in his absence, as their candidate for the Dominion Parliament. One might almost say he was an hereditary Methodist, and Temperance man. For more than seventy years he was an official of the Methodist Church. The last vote he gave was for the Ontario Temperance Act; one of his sons carried him up the steep stairs of the polling-place, when, in April, 1921, he registered his vote, being in his 94th year. He was a member of the Grand Division Sons of Temperance; and of the Independent Order of Good Templars; also an officer of the Dominion Grange; and County President of the Patrons of Industry; as also of the Farmers' Institute; and of the Lennox and Addington Farmers' Mutual Fire Insurance Company. All his long life a farmer, his was the great joy of taking pride in his employment, and of deriving satisfaction therefrom. He ploughed very many furrows; and he always took pains to plough them straight.

In 1853 he married Cathrine, daughter of John Wesley Bristol, of Lennox County. She died in 1897. Their children are:—Sir Allen, of Toronto; George Anson, of Newburgh, and Emma Bell, wife of S. G. Chant, of Durham County. In 1899, the subject of this sketch married Bertha, daughter of Peter Bristol, of Napanee. She survives him.

His life may not inaptly be said to have illustrated the text,—

"Length of days is in Her right hand; in Her left hand are riches and honor."—Prov. III : 16.

TAMWORTH

The stores presented a Christmas-like appearance, and were well patronized.—The Christmas tree entertainments were well attended and enjoyed by old and young.—Among the many guests for the holiday were Miss Aylesworth, of Napanee, at her brother's; Mr. and Mrs. G. KINGSFORD.

On the 7th of December, 1921, Mrs. Thomas Sexsmith, a highly respected resident, passed away, after an illness of a few months duration, at the age of 73 years, and was born within a short distance of here. Her maiden name was Mary Ann Hewitt. On the 9th the funeral took place, and the old friends and her loved ones gathered around the mortal remains of the true mother. A large cortege followed the remains to the church, where at the conclusion of the service, the Rev. Mr. Wilson paid an eloquent and well deserved tribute to her memory. Mrs. Sexsmith possessed in a high degree those qualities of mind and heart and those who knew her best esteemed her most; the kindness of heart, patience and charity was unbounded. May her soul rest in peace and eternal light be her portion forever. The wreath of flowers from the family covered the beautiful oak coffin. Surviving are her husband, two sons; the two daughters predeceased her some few years ago; also one brother; two sisters and two brothers survive her. The remains were tenderly borne from the home by her request by her son, W. J., two grandsons, Russel Sexsmith and Archie Storry; two nephews, Hiram Hewitt and Edw. S. Hewitt, and a cousin, Fred. G. Doyle, and taken to the last resting place of her mortal body. The community has lost a worthy friend and neighbor. The family have the heartfelt sympathy of a host of friends in their sad bereavement.—Miss Hazel Winter and Mr. Ross Winter are spending the holidays at their homes.—Xmas Day visitors: Mr. and Mrs. W. Wilson at Camden, at their daughter's; Mr. and Mrs. O. Ashley and W. J. Winter and family at S. G. Winters'; Mr. and Mrs. M. Sexsmith at Camden East, at their daughter's; Fred Doyle and sister, at Camden East, with their sister; W. J. Sexsmith and family at her parents' at Lime Lake.—Mr. and Mrs. W. T. Winter entertained to Xmas dinner on Monday: Mrs. Winter's sisters and family and brothers and family, and her parents, Mr. and Mrs. J. Russell. —Mr. and Mrs. Eldon Hewitt spent Xmas Monday with relatives at Sharp's Corners.—Mrs. Trull and Mr. and Mrs. Gordonier and family at I. Sexsmith's.

BELL ROCK.

A prosperous New Year to The Napanee Beaver.—Our Pastor, Rev. Dr. Lawson, preached a fine sermon in the Methodist Church here Christmas morning.—The Public School closed on Friday afternoon for the pupils and the parents regret that their teacher will not return for another term.—Miss Flora Perce is spending a few days in Belleville, where she was formerly a teacher.—Egerton Percy is home from Kingston.—James Perry is home from Kingston.—Russell Anderson, Mr. and Mrs. E. M. Anderson, Mrs. R. Martin, Mrs. Jessie Anderson and Mrs. Ed. Hagerman spent Christmas Day with Mr. and Mrs. Oak Hill' [illegible]
